WESTERN SPORTSMAN AND LIVE STOCK NEWS.

VOL. 12. INDIANAPOLIS, APRIL 26, 1889. NO. 10.

HORSE NOTES.

Frank Buford, 2:20, will be campaigned this year.

Frederica, 2:29¼, is in James Goldsmith's stable at Trenton.

There has been some sickness among the horses at New Orleans.

Billy McDonald has the Jewett Farm trotters at the East Aurora track.

Pool selling on races outside the State is now permitted in Tennessee.

Hanover has had a trial gallop, and he showed no signs of lameness after it.

Kitty Patchen recently trotted a mile in 2:27½ over the Parkville Farm track.

Judge Babcock, of Minneapolis, now owns Joe Braden, pacing record 2:15¼.

The Pennsylvania Pool bill was defeated on its third reading by a vote of 88 to 84

Hon. L. J. Powers has been re-elected President of the Hampden Park Association.

Sparkle, the dam of Concrete, 2:44¼, died at Prospect Farm, Maryland.

Fred Gerker will have Astoria, 2:40½, trained for the track. He gave $3,600 for her at New York last week.

The surveys have been completed for a full-mile track at Cincinnati to be styled the Queen City Driving Course.

Wynewood Rustic and the Big Sandy filly of Walter Gratz's string have been shipped from Saratoga to Washington.

The stallion Tremont, 2:28½ heads the catalogue of trotting stock owned by W. A. Gibson, of Jackson, Mich.

John Splan has Nellie V., 2:20½; Olive Branch, 2:27½; Argyle, 2:14¾; Wilkins, and a number of green ones at Cleveland.

James Golden has about twenty head, including H. B. Winship, Captain, Ernest Maltravers and Bay Wilkes, in his stable at Mystic Park.

An adjourned meeting of the Board of Review of the National Trotting Association will be held at the Grand Pacific Hotel, Chicago, on May 1.

Nutula, the sister of Nutwood, has dropped a bay colt by Electioneer, and Lady Russell, sister of Maud S., has foaled a bay colt by Electioneer.

Morris Sullivan has presented John Murphy with a handsome whalebone whip. The butt to the length of six inches is of incrusted gold, having the inscription "M. S. to J. M."

W. C. Goodloe, of the Loudoun Stud, Lexington, Ky., has purchased of R. A. Swigert his half interest in the chestnut horse Fonso, foaled 1 77, by King Alfonso, dam Imperial Weatherwitch.

The largest stock farm in the world is the Post Percheron Horse ranch, located in Wyoming Territory about thirteen miles from Cheyenne. It comprises 120,000 acres of land and an outlay of $1,225,000 has been made on the property. It is owned by a company and W. H. Force is the manager.

The American mare Misty Morning was defeated by the French mare Capucine in a race of 5,000 meters (three miles and a furlong) in France recently. The time was 8:23 2 5, or at the rate of 2:42 per mile.

The new Kansas City track will be completed by July 1. The improvements are to cost $75,000, and will include, besides the track and stables, an amphitheatre with a seating capacity of 10,000 and a club-house.

Cedar Grove Stock Farm, owned by H. C. and Jarrett Mock, is one of the finest in the vicinity of Danville, Ky. It is the birthplace of Prince Wilkes, 2:14¾; Grover Wilkes, 2:24; Colonel Bradshaw, 2:26¼, and others.

Lady Emma, black mare, 2:23½, by Alcantara, dam Advantage, by Administrator, died at Brockton, Mass., April 18, of inflammation of the bowels. She was owned H. W. Peckham, of Newport, R. I., who valued her at $8,000.

The monument to be planted over the grave of Green Mountain Maid is ready to be put in place. The famous old mare was buried at Stony Ford, Orange county, N. Y.

George Fuller has shipped Patron, 2:14¼; Monte Carlo, 2:28; Hoodwink and the rest of the Forrest City Farm trotters from Columbus, Ga., back to Cleveland.

Knapsack McCarthy has purchased the bay mare Nellie Burns, 2:25, by Millman's Bellfounder. She has a colt at foot by Guy Wilkes, and is in foal to Le Grande. Nellie will be brought east with McCarthy's string.

Dan MacPhee writes to us from Vienna, Austria, under date of March 14: "I have bought Judge Davis, 2:18¾, and he arrived safely at Bremerhaven yesterday. I also own Colonel Wood, 2:21¼, and he is doing splendidly."—Turf, Field and Farm.

Pretty Belle and Fitler; the property of George A. Singerly, have arrived safely at Crit Davis', Harrodsbury, Ky., and they will both be trained. Pretty Belle trotted a mile as a three-year-old in 2:29, last half in 1:12½. Fitler is a three quarter brother to Prince Wilkes, 2:14¾.

The Spirit of the Times has opened the Spirit purse of $10,500 for trotting foals of 1889—$5,000 to first, $2,500 to second, $1,500 to third, $1,000 to fourth and $500 in plate or money to the breeder of the winner. Eentries will close on July 1, 1889, and the race will be trotted over a mile track not west of St. Louis between July 20 and October 15, 1889.

Alfred Moore, for whom George Scattergood made extensive purchases of trotting stock at the Tracy sale at New York last week, recently bought a large farm at Colmar in Montgomery county, on the North Penn Road, and it is Mr. Moore's intention to establish a fine stock farm there. His purchases last week amount to over $20,000, and the horses have arrived at the Gentlemen's Driving Course.

Budd Doble will add to his string the black stallion Greenlander, 2:24¼, by Princeps, dam Juno by Rysdyk's Hambletonian, and the chestnut stallion Natmeg, 2:25, by Nutwood, dam Coquette by American Clay; also from the Allen farm, for development and campaigning, Elista, sister to Elaine, 2:20, Miss Majolica, sister to Majolica, 2:15; Maudlen, by Harold, 2:25¼; Geneva, by Princeps, 2:25¼, and Phallamont Girl, four years old, by Phallamont, son of Phallas.

There will be a grand opening at Belmont Course on May 14. One of the features will be a wagon race, owners to drive. In this race will be Frank Bower's Maggie B, Dan Strouse's Hiram Miller, David Nichol's Tempest, Joshua Evans' Belle of York, Charles Bockius' A. V. Pantland, Dr. James A. Marshall's bay gelding and Geo. A Singerly's Katherine S. These horses are evenly matched as to speed, and it should be one of the best wagon races ever trotted. There will also be a race for 2:30 pacers; a double-team race for trotters and pacers, and a double-team race for trotters alone. Entries will close on May 11.

Quite a number of drivers of light vehicles wear spectacles, which greatly protect the eyes from wind and dust when speeding. Small pebbles and gravel are liable to cause serious injury to the eyes when no glasses are worn. The best kind to use are spectacles with large glasses, with improved nose-pieces, and shanks to fit behind the ears closely. They are comfortable and cause no trouble. These spectacles are much better than goggles, as the latter are so tightly closed that they at times become clouded by perspiration and cause annoyance to the wearer, who must remove them from the face at intervals to wipe them off.

Lexington Notes.

Col. R. P. Pepper, Frankfort, Ky., has sold to J. L. Danforth, Louisville, the bay filly Suspice by Onward, dam Minnie Wren by Challenger.

Belle Brasfield 2:20, foaled a bay filly by Sultan last week.

W. F. Downing, Lexington, has bought of R. Barbee of Athens, an eight year old Mack mare by Ashland Chief, dam by Basil Duke.

On Friday last Gen. W. H. Gentry had the misfortune to lose Harold Prince, by Harold (sire of Maud S.) He was making the season at the Lexington Fair Grounds, and was quite a promising stallion.

Capt. B. J. Treacy of Ashland Park Stock Farm, Lexington, is reported to have recently refused an offer of $20,000 for Bermuda 2:20. Bermuda will not make a public season this year, but will be handled for speed, and will be campaigned through the Grand Circuit. Bermuda is sired by Banker, dam Pattie Patchen by Mambrino Patchen.

The book of Baron Wilkes 2:18, said to be the best bred son of the great George Wilkes, is now full for next season at $500. He is the property of Col. R. G. Stoner of Paris, Ky., who is reliably reported to have refused $50,000 for him, offered by an Eastern syndicate.

W. H. Wilson, Abdallah Park, Cynthiana, has sold to Hubinger Bros., New Haven, Ct., a bay filly by Wilkesbrino, foaled 1888; price $1000.

Mambrino Patchen Jr., by Mambrino Patchen (full brother to Lady Thorne 2:18, was so badly injured at Danville this week that he had to be killed. He was valued at $2500

The Blue Grass circuit of fairs and trots closed its stake events on the 20th. The circuit embraces Harrodsburg, Danville, Paris, Sharpesburg, Lexington, Maysville, Shelbyville and Eminence. The meetings begin at Harrodsburg, July 30, closing at Eminence, September 17.

There is no question of greater importance to the owner of the horse than that of proper feeding. Prof. Fleming says: "That the secret of feeding, is to feed on such food, in such a manner, and in such a quantity, as will maintain the horse in the most perfect health possible, having regard to the service required." For the purpose of properly masticating his food, the horse is supplied with forty teeth (the mare has but thirty-six) and an abundant supply of salivary glands, which during the process of mastication, pours into the mouth a copious flow of saliva, that becomes thoroughly mixed with the food, which, besides facilitating deglutition, prepares the food for the action of the gastric juices in the stomach. The average size of the stomach of the horse is about four gallons; the action of the gastric juices is to dissolve the food and in this condition it is absorbed into the blood and carried by the circulation into every part of the system, to nourish the different tissues of the body.

The Prince of Wales' Horse Wins

LONDON, April 22.—The Manchester Easter steeplechases and hurdle races opened to-day. The race for the Lancashire Handicap Steeplechase Plate of 1000 sovereigns, about three and one quarter miles, was won by the Prince of Wales aged horse Magic.

DON'T overlook the advertisement of the Hamilton County, (Ohio) Fair, and especially notice that nominations for the two and three year old colt stakes close on the first day of June.

Gen. Tracy's Sale.

The presence of the Secretary of the Navy, Gen. B. F. Tracy, at the sale of his trotting stock, held in the American Institute Building, New York, Wednesday, April 17, by P. C. Kellogg & Co., was ample proof of the superiority of the stallions, brood mares and youngsters to be sold. No one knew their intrinsic value better than he did. He had studied them for years, knew their merits, and if buyers wanted information, no one could give it as well as he.

The break-up of such an establishment must have cost the General a severe pang. Not that he had to sacrifice his horses, for the sale was a good one, but he had given his establisement at Marshland so much care and thought, and it had been the relief he had turned to after the toil of a busy life.

There was a large attendance, including many prominent owners and breeders of the East. A total of forty-nine head were sold $59,950. The highest price paid was $6,000 for Mambrino Dudley, bought by George Scattergood of Philadelphia, who knew that he had a bargain, for he refused $9,000 for him almost immediately afterwards. Mr. Scattergood also bought the next highest-priced lot, paying $4,500 for the brood mare Gretna, by Mambrino Dudley, dam Bodil by Peacemaker.

Of the forty-nine head sold twenty-three were brood mares, that realized $31,660; five were three-year-olds, $7700; twelve were two-year-olds, $8209; and eight yearlings, $6,90, which with the stallion at $6000, makes a total of $59,950.

After the sale a reporter asked General Tracy as to his opinion of the sale. He replied that he was very well pleased, except that he expected Mambrino Dudley would have brought a bigger price.

The lots sold, buyers and prices paid, were as follows:

Astoria, b f, 1886, by Kentucky Wilkes, dam Truant by Messenger Duroc; F. Gerken, New York city, $900.

Basque, b f, 1887, by Kentucky Wilkes, dam Truant by Messenger Duroc; R. Steele, Philadelphia, $1100.

Truant, blk m, 1876, by Messenger Duroc, dam Quintus Webb by Seely's American Star; J. H. Shults, Parkville, L. I., $2200.

Argo, b m, 1881, by Electioneer, dam American Girl by Toronto Suntag; G. Scattergood, Philadelphia, $2300.

Crafty, b c, 1888, by Kentucky Wilkes, dam Argo by Electioneer; J. W. Daly, Mount Kisko, N. Y., $850.

Fenela, b m, 1884, by Electioneer, dam Fidelia by Volunteer; A. B. Darling, New York city, $2500.

Bolivia, br f, 1887, by Kentucky Wilkes, dam by Woodford Mambrino; Speedwell Stock Farm, Cornwall, Pa., $1150.

Content, b f, 1883, by Kentucky Wilkes, dam Vivian by Woodford Mambrino; J. H. Shults, Parkville, L. I., $600.

Vivian, blk m, 1871, by Woodford Mambrino, dam Virginia by Alexander's Abdallah; G. W. Robinson, New York City, $750.

Mambrino Dudley, b s, 1874, by Woodford Mambrino, dam Sue Dudley, by Alexander's Abdallah; George Scattergood, Philadelphia, $9000.

Hildegrade, br m, 1880, by Willis' Harry Clay, dam Troublesome by Messenger Duroc; J. H. Shults, Parkville, L. I., $3100

Beautitude, b f, 1887, by Mambrino Dudley, dam Hildegrade by Willis' Harry Clay; G. W. Ely, Clyde, N. Y., $1625

Chemise, b f, 1883, by Kentucky Wilkes, dam Hildegrade by Willis' Harry Clay; J. H. Shults, Parkville, L. I., $2200.

Oracle, br m, 1881, by Oxmoor, dam Troublesome by Messenger Duroc; S. L. McMillan, New York City, $1025.

Actress, b f, 1886, by Kentucky Wilkes, dam by Willis' Harry Clay; W. N. Peck, Brooklyn, N. Y., $975.

Bowling Green, b c, 1887, by Mambrino Dudley dam by Willis' Harry Clay; Wm. Reed, New York City, $575.

Alene, b m, 1880, by Willis' Harry Clay, dam Burnhilde by Rysdyk's Hambletonian, with weanling colt by Cheltenham at her side, to George Scattergood of Philadelphia, Pa., for $1300.

Chieftain, b c, 1888, by Kentucky Wilkes, dam by Messenger Duroc; Gilbert Holmes, Apalachin, N. Y., $850.

Alicia, blk m, 1891, by Messenger Duroc, dam Alice Van Duzer; L. J. Fitzgerald, Courtland, N. Y., $8 5.

Booth, b c, 1887, by Mambrino Dudley, dam by Rysdyk's Hambletonian; E. Harris, Paris, Ky., $475

Burnhilde, b m, 1873, by Rysdyk's Hambletonian, dam Molly Mills by Seely's American Star; Geo. Scattergood, Philadelphia, $700

Eclata, b m, 1884, by Mambrino Dudley; dam Kathleen by Meredith; Geo. Scattergood, Philadelphia, $1500.

Buffoon, b c, 1887, by Mambrino Dudley, dam Kathleen by Meredith; F. W. Bailey, New York City, $625.

Kathleen, b m, 1878, by Meredith, dam Brunhilde, by Rysdyk's Hambletonian; John Mullins, Brooklyn, $900.

Attraction, b f, 1886, by Kentucky Wilkes, dam Virginia by Volunteer; J. H. Shults, Parkville, L. I., $1000.

Virginia, b m, 1887, by Volunteer, dam Nell by Rysdyk's Hambletonian; J. W. Daly, Mt. Kisco, N. Y., $1900.

Craftsman, b c, 1888, by Kentucky Wilkes, dam Virginia, by Volunteer; E. F. Cole, New York City, $700.

Erminie, b m, 1884, by Volunteer, dam Miss Fodine by Hammond; F. Rockafe low, Cleveland, Ohio, $900.

Arnazza, blk f, 1883, by Kentucky Wilkes, dam Luella by Messenger Duroc; W. N. Peck, Brooklyn, $1725.

Luella, blk m, 1874, by Messenger Duroc dam by Volunteer; C. A. Kettle (agent), New York City, $745.

Spiteful, b m, 1884, by Mambrino Dudley dam Relief by Roe's Messenger Hambletonian; Geo Scattergood, Philadelphia, $900.

Rico, b f, 1885, by Mambrino Dudley, dam Relief by Roe's Messenger Hambletonian; Speedwell Stock Farm, Cornwall, Pa., $900.

Brimstone, b c 1887, by Mambrino Dudley, dam by Messenger Duroc; Speedwell Stock Farm, Cornwall, Pa., $500.

Lida, ch f, by Mambrino Dudley, dam Nanette by Messenger Duroc, Speedwell Stock Farm, Cornwall, Pa., $900.

Balfour, b c, 1887, by Mambrino Dudley, dam by Wellington; G. W. Bailey, New York City, $570.

Celebrity, blk f, 1888, by Kentucky Wilkes, dam by Strader's Cassius M. Clay; C. P. Ratnell, Wye Mills, Ind., $600.

Izzalde, b m, 1878, by Strader's Cassius M. Clay, dam by Almont; J. W. Dals, Mount Kisco, N. Y., $1000.

Bachelor, br c, 1887, by Kentucky Wilkes, dam by Rysdsk's Hambletonian; N. H. Chase, Yonkers $400.

Arrogance, b g, 1886, by Mambrino Dudley, dam Louise by Rysdyke, W. Alexander, Worcester, Mass., $400.

Baytho n, b c, 1887, by Mambrino Dudley, dam by Rysdyk; Lock & Smith (agents), Louisville, Ky., $475.

Broderick, b c, 1887, by Pickerind, dam Bodil by Peacemaker; John E. McCarthy, Brooklyn, $625.

Total for the 49 head sold, $59,950; average per head, $1,223.53.

Messrs. P. C. Kellogg & Co., completed the sale of Secretary Tracy's trotting bred stock at the American Institute Building Thursday. The attendance was about the same as on the first day, and among those present was Mr. Robert Bonner, who was the buyer of the two year-old filly Bonfanti, by Kentucky Wilkes, for $1,200. Gen. Tracy and his son were again present and both were congratulated after the sale upon its success. The sale Thursday numbered fifty head, which sold for a total of $54,035, divided as follows: Twenty-two brood mares, for $34,260; one four year-old, $430; five three-year-olds, $4,300; ten two-year-olds, $7,930; ten yearlings, $5,875, and two geldings, $4,250. There was also sold a little pony gelding that had been used for hack purposes, not included in the above, and which brought $240. The sales yesterday, with buyers and prices paid, are as follows:

Brother Jonathan, b g, dam by Beattie's Norman.....2:24

[TO BE CONTINUED.]

Kentucky and New York Saddlers, Road Horses, Trotters, Pairs of Horses, Single Drivers &c., at Private Sale.

In this week's issue appears the advertisement of Mr. W. H. Rowland, of Lexington, Ky. He is a gentleman of wide experience in breeding and developing the saddle horse and he offers for sale some of the best in Kentucky Mr. Rowland is a careful handler and at all times gives his customers perfect satisfaction.

Beside a number of saddlers and road horses, he has on hand several very promising trotters. The stables of Mr. Rowland are located on Short street, Lexington, Ky., and he is ready at all times to welcome visitors.

We can recommend Mr. Rowland to the public, and if anything is desired in his line call on him, or write to him, and you will recieve the most courteous attention.

Announcement.

The work on the first volume of the Register of Morgan Horses goes steadily forward. It will cosist of about 800 pages, and contain about 4000 pedigrees, with much additional matter, be well illustrated and handsomely bound. All stallions of merit tracing in direct male line to Justin Morgan, foaled 1880 and before and having at least one sixty fourth blood of he original Morgan horse, will be recorded free; for stallions foaled since 1880 and mares with such inheritance as above, the usual fee of $1 is charged. The price of the book is not yet fixed, but will be made as low as can be afforded, so that the work may be widely distributed. Blanks for pedigrees furnished on application. Address,

JOSEPH BATTELL, Middlebury, Vt.

WESTERN SPORTSMAN
AND
LIVE STOCK NEWS.
91 EAST COURT STREET, - - INDIANAPOLIS

N. A. RANDALL, Editor and Proprietor.

INDIANAPOLIS, APR 26 1889.

"On the Road" Take Notice.

Andy Yetter leads On the Road" by at least a length. Both these gentlemen bred their pacing mares last season to thoroughbred horses, and as we have not heard of Kate Allen foaling, it would seem from the following note that Andy was slightly in the lead:

WILKINSON, Ind , Apr. 23, '89.
ED SPORTSMAN:—Dollie, the dam of American Boy 2:26, has foaled a filly by Roderick Randam (son of Tom Bowling). Big bay filly, with white face, and can pace like a ghost! Can't trot a step; straight and all right. The sharpest critic cannot pick a flaw in its make-up. "Score up by the pole-horse!" Respectfully,
A. F. YETTER.

Tanglewood Stock Farm.

One day this week we spent an hour at Tanglewood Stock Farm, famous as a breeding establishment founded by Jos. A. Moore, who was recently convinced by a $700,000 misunderstanding with a big insurance company that a residence in Canada was very desirable, and he "stood not on the order of his going but went at once." To say that it is a lovely place is only to repeat the remarks of every visitor, and in the hands of its present owner, Mr. A. C. Remy, we are confident it will become still more attractive. Our short stay did not afford an opportunity to see enough to give a description of the place and its belongings, and we shall not attempt it, further than to say we have never seen a place better adapted for a trotting horse breeding farm. The stabling is ample, the box stalls large, well lighted and ventilated, water in abundance is furnished the horses by convenient arrangement inside the very large barn, and two wells on the place supply natural gas for warming the offices, cooking food, lighting buildings, &c. The half mile track is splendid for working young horses, and will be better, as Mr. Remy intends to widen the stretches and otherwise improve it. The land is rolling, well drained, and seems to be peculiarly adapted to growing bluegrass.

Mr. Jas. Hazleton, well-know to many of our readers as a competent and successful driver, is trainer and superintendent, and the fine condition of all the stock this early in the season affords the strongest evidence of the capacity and industry of himself and his assistants. Brignoli Wilkes, Blackwood Jr., Tackhammer and the twenty to thirty other animals now kept in the stable, are in as fine fix as horses usually are in the middle of the training season.

We propose in the near future to "take a day off" and pay a more extended visit to Tanglewood, when we will try to describe the place and the many high bred animals belonging to it, for we have no doubt that it is destined to become one of the most important breeding establishments in the West. In the meantime we would say to our readers that at the Remy mansion the latch string is at all times to be found on the outside of the door.

THE woods in Kentucky seem to be full of trotting wonders. A breeder at Richmond, Ky., writes that he has a stallion which will not be two years old till next March, that trotted quarters in his yearling form in 34½ seconds. This colt is by Vatican, and his dam is a daughter of Mollie Walker, dam of Harry Wilkes, 2:13½, Gen. Garfield, 2:21, and The Item, 2:25¼, all by different horses. The Vatican is by Belmont, son of Alexander's Abdallah; dam by Rysdyk's Hambletonian; second dam by Seely's American Star. It requires some courage for a man to take a 2:18 clip for a yearling; but we have heard this colt is regarded as a trotting wonder. He gets a strong infusion of the Diomed, combined with the pacing cross, through Mollie Walker, and gets another rich supply of the same Diomed through Seely's American Star, so his wonderful speed is easily accounted for. His breeder and ower, Mr. B. C. Potts, of Richmond, expects to beat Axtell's time next season.

BARNEY TREACY, one of the oldest; safest, most reliable and best trotting horse breeders in Kentucky, always has some "Blue Ribbon" youngsters for sale. He keeps the best brood mares in the country and then breeds them to the best stallions, regardless of cost of service, or whether located at his famous Ashland Park, or owned by some body else, consequently can satisfy all tastes. Just now he has for sale, among many others, the following young stallions:

One by Aberdeen, out of Clayette, dam of Charley West 2:27¼.

Three by Banker, one of which is out of the dam of the celebrated three-year-old Repetition, who last fall trotted in 2:21 (a third heat); one out of the half sister to Black Cloud 2:17¼.

Two by Dictator, one of which is out of Pattie Patchen, dam of Bermuda 2:18 (a third heat), the greatest of five-year-olds; one out of Elfrida by Harold, sire of Maud S. 2:08¾, and she out of the dam of Phallas 2:13.

Two by King Almont 2:21¼, and out of mares of the America Clay and Patchen families.

One by Fayette Wilkes and out of a full sister to the dam of Repetition by John Dillard.

One by Sherman's Hambletonian, out of Repetition's dam, and fully as promising at same age, with more quality, if it is possible to get such.

One by Robert McGregor 2:17, sire of Bonnie McGregor 2:16, dam Silver Tip by Mike McCool. This colt is said and acknowledged the best and handsomest colt ever sired by that great stallion.

One by Harold, sire of Maud S., out of Princess Anne (Rachel's dam, 2:36) by Alexander's Abdallah.

One by Nutwood, out of full sister to dam of Early Rose 2:20½.

WE mean exactly what we say in telling our readers that A. J. Feek's "Every Man His Own Trainer" is the most valuable book the owner of a trotter or pacer, or a large or small handler or breeder of trotters or pacers, young or old could possibly obtain. It contains instructions as to the treatment of colts and aged horses in course of training or breaking that have never before been put in print. The man of experience with horses will find in it valuable suggestions that never occurred to his mind, and the man with little or no experience in this line will learn from it how to perform all the details of handling the horse intended for the turf or road from a weanling up to a Grand Circuit race horse. These instructions are given by men who have had an ordinary life time of experience, and they tell you all without reserve. The book is now ready for delivery, and we advise every reader of the SPORTSMAN to send for it. See advertisement.

THERE is pretty nearly a certainty of a new race course at New Orleans, says the New Orleans Daily News. The sight selected for it is at the upper end of the city, the land being fully twenty feet above the grade of the old race course. It is proposed to ditch and tile the land so that the track will always be in condition, and rainy spells will not intefere with meetings or training. Good men are at the head of it, a wealthy sporting man has offered to loan the money at a small interest with which to buy the land, so that the capital stock subscribed may be used in improving the grounds, building club houses, grand stand, &c., and it is expected that all the details will be completed and a meeting held next fall.

C. A. RADCLIFF, St. Paul, Minn., has purchased of Jesse M. Gale, Angola, Ind., the bay colt Memnon 10424, three years old, by Hambletonian Wilkes 1679; dam Bridget (full sister to Mambrino Maid 2:29¾), by Chief 3384; 2d dam by Frank Moscow, sire of Lady Moscow 2:30; 3d dam by Magna Charta 105; 4th dam by Black Frank. Mr. Radcliffe thinks he has a great prize in him. Why shouldn't he?.

Northwestern Central Circuit.

Nine continuous weeks of racing are promised in this circuit, opening at Cambridge City, Ind,, May 21 to 24, and closing at Milwaukee, Wis., July 16 to 19, $50,000 in all will be awarded for trotting, pacing and running races, all over good mile tracks, with first-class railroad connections.

The programme for Cambridge City, Columbus and Terre Haute, Ind., Janesville, Wis., Freeport, Ills., Cedar Rapids, Iowa, Eau Claire, Wis., and Milwaukee, Wis., are already made up, and Minneapolis, Minn., will probably issue their prospectus in time for our next issue. This circuit is one of greatest importance especially to Western owners that intend going through the Grand Circuit and starting at Detroit, as it serves to season their horses into the most perfect racing trim. For closing of entries, classes and conditions read the advertisement on another page.

BOURBON WILKES, within the past eighteen months has put five of his get in the 2:30 list, and every one of these was bred by his owner, Mr. James Miller, Paris, Ky, broke to harness and trained on his farm, and driven to their record by his trainer. What other horse can lay claim to a record like this. But three or four of his colts owned by other parties have been trained, two of which have made records close to 2:30, and will drop into the circle this season, and the others we have not heard from. We have never yet seen a colt by Bourbon Wilkes that was not promising as a trotter. Mr. Miller has several of his colts three years old this spring, and quite a number of yearlings and two year-olds, and as his prices are exceedingly moderate, we advise all our readers in want of a promising youngster to give him a call. They can implicitly rely upon every representation made being truthful.

WALNUT Hill Stock Farm, Owensboro, Ky., has in service three purely bred stallions—Count Gold Dust, by Gold Dust 4205, son of the renowned Gold Dust 150. Dispatch 4480, by Onward, 2:25¼, dam Lucille by Bayard Jr. 4479, grand dam by Donerail, son of the peerless Lexington. And the third one is one of the best bred saddlers in the State—one of the kind we would like to have a colt by. This is Dew Drop, by Miller's Lexington; dam by Leet's Davy Crockett; 2d dam by Stewart's Davy Crockett, son of Old Davy Crockett; 3d dam thoroughbred. To say that Dew Drop is a perfect combined saddle and harness horse, is only to repeat what every horseman might know from his breeding.

LEE COX, Indianapolis, owns one of the finest yearling colts we have ever seen, and this we say without qualification, for there is no part of his make up that is susceptible of unfavorable criticism. He was sired by Jubilee Chief 10,494, dam by Mambrino Reliance, grand dam Polly Hopkins by Tornado. And, by the way, this young stallion Jubilee Chief, owned by I. W. Stanton & Son, of Carmel, Ind., is proving an extraordinary sire. He has no colts old enough to show up in races, but all of fine size, pattern after the horse, fine gaited, and show a great deal of speed. Jubilee Chief will be handled as soon as his present season ends and sent for a record, when, we may say, he is absolutely certain to enter the 2:30 list.

R. J. WHEELER, of Toledo, Ohio, one of the most capable men that ever entered a stand to start a trotting or pacing race, offers his services to fairs and trotting associations during the season of 1889. As this is one of the most important positions connected with race meetings we hope to see Mr. Wheeler kept busy from the opening to the close of the season, and would advise associations to at once secure his services in order that he may properly arrange his engegements. The interests of both associations and contestants in races will be strictly and fairly guarded by Mr. Wheeler.

READER, if you are in the market for a race horse, turn to another page of this paper and find the announcement of our old and esteemed friend, Sam Keys of Pittsburgh. John Randolph of Roanoke, is credited with saying there were "two tolerable things intolerable—a tolerable egg and a tolerable race horse." There is more truth than poetry in this expression. Charley Friel does not belong to this class, therefore he is cheap at any price, for he has proved himself a successful, money-making horse and the buyer can commence harvesting at once. Two or three races will "win him out."

ONE of the most promising and finely-bred colts in Kentucky died at Danville, Ky., last week. This was Gambrinus, foaled 1887, by Gambetta Wilkes 2:26, dam Enterprise (the dam of Nathurst, 2 year old pacing record 2:31¼) by Onward 2:25½; second dam Belle Thorne by Hero of Thorndale; 3d dam Abutillon (dam of Shackleford 2:35½) by Belmont; 4 h dam Minna (dam of Kentucky Wilkes 2:21¼) by Red Jacket. Gambrinus was the property of G. M. & J. A. Lee, Danville, Ky., who held him in high repute.

August 6, 7, 8 and 9, the dates upon which the Jennings County (Ind) Agricultural Association willl hold their meeting for 1889. Our head must have been woolgathering when we wrote it "September" instead of August, last week. Make a note of the date and don't forget to enter your youngsters in the colt stakes. Make a success of the colt races this season and it will be big money in your pockets hereafter.

MR. S. TOOMEY, manufaturer of the famous Toomey Sulkey, at Canal Dover, Ohio, has just purchased of J. T. Davis, Cyclone, Ohio, the bay, two year-old filly Mollie T., by Dr. Talmage, dam by Cardinal, son of Almont; price, $700. She has a yearling half-mile record of 1:31¼. Mr. Toomey also bought of D C. Richards, same place, a full sister to Mollie T., three years old and unbroken.

SUTHERLAND & BENJAMIN, proprietors of Saginaw Stock Farm, Saginaw, Mich., have sold to J. S. McElwain, of Holyoke, Mass., the bay colt Alger, foaled 1888, by Sphinx 2:23, dam Nora D. by Louis Napoleon 207, 2d dam Magnet, by Jubilee 2:29, 3d dam Village Lass by Enchanter, 4th dam Roxy (dam of Golden Girl 2:28¼) by Sterling Eclipse. Price, $1000.

THE Indiana Live Stock Insurance Company of Crawfordsville, Ind , paid Mr. Sharp, of Plainfield, $500, the full amount of the policy held by him on his pacing mare that died from the effects of an accident at the Cambridge City sales. The mare was a promising pacer and would have brought $1,000 had the accident not occurred.

W. H. ALDRICH, of Burlington, Wis , has a gray mare that has given birth to a pair of colts by Swigert 65), both black with star marks and one with both hind ankles white. They are good strong colts, one weighs seventy and the other seventy-five pounds.

JUDGE SHERWOOD, Canton, Ohio, owns a half-interest in one of the best bred trotting stallions in Ohio. He is anxious to sell, or will trade for a nice, smooth road pacer capable of showing 2 30 or better. The stallion is well located and doing a paying business.

ONE of the most attractive and well received animals at the New Ross, Ind., Stallion show was Young Stockbridge Chief, by Hiatoga Chief, dam a well bred mare said to be of Messenger descent. He is owned by H. P. Stevens, of Carson, Ind.

AT Marvin Farm, Riverside, Ind , the horses in training at present are: Lon G , three year old record 2:45, by Bald Hornet, 2:21; Marvel, by Bald Hornet; Bonstele, by Bald Hornet, and Rene Mark, by Waymark, 2:33.

W. H. WILSON, Abdallah Park, Cynthiana, Ky., has just issued his annual catalogue, which will be sent to any address upon application.

JIM WILSON 2:30½, by Blue Bull, will get many mares from a distance this season. He gets the speed and his services are in demand.

Scientific Horse Surgery.

A horse, the property of William Torrence of Alkali Creek, caught his neck rope in his hind foot one day recently, and remained in this position for some time. When found the lariat had formed a ligature around his neck, inflaming his head and neck so that the ensuing swelling threatened suffocation, the head representing an elephant like appearance. Veterinarian Treacy of the 8th cavalry, Ft. Meade, was called, and cutting into the animal's windpipe half way betwixt the head and chest, introduced a tube through which the horse is now breathing, thus saving his life. The animal is progressing favorably and will recover. The operation is known technically as tracheo omy. This operation is one of the many delicate ones lately performed by Mr. Treacy, and shows that he is justly considered one of the most able veterinarians in the U. S. army.

We find the above in an exchange, and while conceding to Dr. Treacy all the credit claimed above, knowing him to be a skillful practitioner, we are pleased to place on record a similar and equally successful operation performed several years ago by Dr. A. N. Smeal, who is at present superintendent and trainer for Look & Smith, Louisville, Ky. About six years ago we shipped from Abdallah Park, Cynthiana, Ky., to Indianapolis, a weanling filly by Ravenswood, which took a severe cold on the road resulting in quinsy or croup. Her throat was so badly swollen that she could scarcely breathe and it was evident that without immediate relief death must ensue in a few hours. Dr. Smeal performed upon her the operation above described, she commenced to improve at once, in fourteen days the tube was removed, and to-day she is a fine 16 hand mare, sound as dollar, with not the smallest trace left to show that she had ever been operated upon.

Wallace's Year Book.

Have you sent for a copy of this important work for 1888? If not, later in the season you will wish you had, for it will be likely to save you twenty times the cost of it, especially if you expect to start anything in races during the coming season, as it will inform you of the starters last year and the amount of speed you may expect to contend with and will enable you to tell at once what horses are and what ones are not eligible to certain classes. Then the table of 2:30 horses under their sires is of itself worth double the price of the book, and the table of great brood mares will learn you more of the science of breeding trotters than you can glean through other sources in a life time. But it would take up every page of the SPORTSMAN to describe to you its many valuable features. Send for it, and after an examination if you conclude it is not worth more than it cost you, we will agree to take it off your hands and refund your money. Send $2.60 to J. H. Wallace, 2:80 Broadway, New York, and you will receive it by return mail post paid.

A LARGE number of horse fanciers visited Gates & Warman's large stables opposite the City Hall, Indianapolis, last Thursday to have a look at the noted trotting stallion Richwood 10,430, and all were highly pleased with his fine appearance. Richwood is certainly one of the finest formed horses in the country, a beautiful bay with one white hind foot, 15¾ hands high, unusually strong across the loin, a broad, well muscled leg, good feet, a very prominent eye, quite stylish, finely gaited and very speedy, having a record of 2:28, and is the sire of Bon Ton, two year old record last year 2:38. Richwood is making the season of 1889 at Mr. John Morgan's place, Plainfield, Ind., and should command a large patronage.

THE WESTERN HORSEMAN published at Omaha, Neb., is one of the neatest, most newsy live stock publication that pays the SPORTSMAN weekly visits. It is only four weeks old, but wears a healthy appearance, and is already as well developed as a majority of 5-year-olds. The "far West" is rapidly becoming horsy, needs a good paper of this class, and the Western Horseman fills the bill.

LOOK & SMITH, of the Louisville Stock Farm, Louisville, Ky., sold over $30,000 worth of horses last month. Send to them for a catalogue, in which they not only accurately describe what they have for sale, but give you the prices. That's business!

Monday, May 20th, entries close for the liberal purses offered by the Dayton Driving Association, to be trotted for at their meeting commencing May 28th. We want to impress this date upon the minds of our readers, for all owners of track horses will regret it if they fail to enter in time. The entrance fee is only 8 per cent. of the purse, and the Association furnishes stabling, hay and straw free of charge. They have also secured reduced rates on all rail roads, and parties having horses at the Cambridge City races the week previous can ship by especial train at the close of that meeting.

RANDALL'S AMERICAN PACING REGISTER, in compilation, is steadily advancing, and by the middle of next month we shall be prepared to issue "Certificates of Registration" to those that desire them. If you have a pacer that is not registered, or know of one that should be, send your address and we will forward Registry blanks by return mail.

THE first meeting in the Northwestern Central Circuit will be held at Cambridge City, Ind., commencing May 21, for which entries close May 11. One of the very best mile tracks in the West and the finest stabling and other accommodations, are among the many inducements for horsemen to enter for this meeting.

KEEP a "weather eye" upon the programme of the Annual Fair of the Crawford County Agricultural Board, to be held at Robinson, Ills., Sept. 26 and 27. The entries close July 1st, and if races do not fill your money will be refunded.

SEND your address to W. H. Wilson, of Cynthiana, Ky., and get one of his new catalogues which are now ready for distribution.

THE Woodburn Farm yearling thoroughbreds will be sold at Lexington, April 30.

Red Wilkes and Wilton.

The noted writer on the trotting horse, Thomas B. Armitage, pays the following well deserved compliment to the above named famous stallions owned by W. C. France of Lexington, Ky.:

I have of late taken every opportunity that offered to examine specimens of the George Wilkes family, with varying results. I was agreeably surprised in one, Red Wilkes, having heard that he was large and coarse, I found him large, 'tis true, but instead of being coarse he proved to be grandly proportioned and in every sense as noble-looking a sire as he is successful, and the records place him ahead of all other sons of "the pony sire." I had heard much of Wilton, and was prepared to find him as much overrated as I had found Red Wilkes to be underrated. To my surprise I found Wilton to be the most truly formed, highest finished, most beautiful and perfect horse that it was ever my fortune to behold. If he was two inches taller, I should unhesitatingly pronounce him absolute perfection, and when I came to examine his produce I at once reached the conclusion that here was the horse of the future in the Wilkes line. Every foal looked more like the highest type of thoroughbred rather than trotter, and they all looked alike and just like their sire, and I could not but say to myself that, had I the wealth of some of our breeders who aim to have only the best, regardless of price, not even $100,000 would stop me in purchasing this horse if he was for sale. I have no doubt but Red Wilkes will first reach the $1000 fee limit, but I have no hesitation in predicting that, eventually, Wilton will wear his great sire's imperial mantle.

LEXINGTON, KY., April 24.—At Woodard's horse sale to-day forty-two head brought $11,530. Among the horses sold were: Westmont, pacer, to J. Starbuck, for $850; Maggie C., by Black's Hambletonian, to C. H. McCormick, Omaha, for $850; B. B. Custer, b. g., by Bostick's Almont, to J. Reamer, for $1000.

SAN FRANCISCO, April 24.—In the Pacific Derby yesterday The Czar made a mile and a half in 2:36, the fastest Derby ever run in America, beating the record of 2:36½ made by Ben Ali at Louisville in 1886 and that of C. H. Todd at Chicago in 1887.

John E. Madden, of Lexington, sold to S. A. Brown & Co., of Kalamazoo, Mich., the bay filly Belle Vara, 2, by Vatican, dam by Ericson. She has a record of 2:38, made in a race last fall, which is the best for a yearling in a race.

QUERIES AND ANSWERS.

In reply to J. C. D, of New Salem, Ind.—Smither's Mohawk, or North Star, black stallion, 16 hands high, by Dr. Bartlett's Mohawk, first dam by Lambreth's St. Lawrence, (Canadian). Bartlett's Mohawk was bred in Canada, sired by St. Lawrence. White Cloud, pacer, 2:29, by Bartlett's Mohawk. North Star was a fine looker and quite a pacer, but it was not in Mr. Smith's creed to go to the races; if it had, North Star would of had a fast record.—J. W. D, Girard, Kan.

E. E. C., Waveland, Ind.—Will some one please give pedigree of Dick Smith said to be owned at Middletown, Ohio, and oblige a constant reader.

E. P. B., Compromise, Ills.—There are no such horses reported in any Register or Stud Book as Morgan Queen, or a trotting stallion called Old Boston.

M., Greencastle, Ind.—How is this pedigree of as fine a saddle horse as any one would wish to see. He stands near here and some doubt his pedigree. Mazeppa is a jet black with a small star in the forehead, seven years old this spring, 16 hands high. He was sired by Silver Denmark; he by old Star Denmark, king of saddle horses. Star Denmark, the grand sire of Mazeppa, is the sire of the great show mare Alice, who was never beaten in a ring. He is the of Maud Macy, who was sold to Robert Bonner for ten thousand dollars and trotted a mile over his track in 2:17; and also the sire of Jack Splan, record 2:26, and sold for two thousand dollars. Silver Denmark, the sire of Mazeppa, has a record of 2:20 and has shown more colts at fairs than any other horse in Kentucky. Mazeppa has taken the premium at the Bardstown and Shelbyville Fairs as a saddle and light harness horse, and has made it in three minutes without training, racking. First dam was by Colman's Clark Chief; he by Clark Chief, and he by Mambrino Chief. Second dam by old Corbeau. Third dam by Copperbottom. Fourth dam by Sumpter's Clark Chief. The sire of Mazeppa, first dam by Captain Walker, a pacer. Second dam by Warlock, thoroughbred.

ANSWER—We have no doubt that Mazeppa was sired by Silver Denmark and his dam was by Colman's Clark Chief; 2d dam by Corbeau, &c., but the clipping from his advertisement sent us is "away off" in other statements. Star Denmark did NOT sire Maud Macey nor Jack Splan, but he is the sire of their dams; neither has Silver Denmark a record of 2:20. The other statements may or may not be true as to him and his colts.

S., Liberty, Ind.—I enclose a pedigree circulated here. Please look at it and say whether it is correct or not; and will you in your next tell us what to do with such a case. If the pedigree is correct, all right, but how the second dam of Rysdyk can be by Rysdyk is a wonder. Then who in the world ever heard of Alexander's Abdallah's dam being by Mambrino Paymaster, etc. Then the dam of this horse who is he, etc.

ANSWER—Such pedigrees make us tired. There is no danger of any one being deceived by this one, for it is too silly. No doubt Boone Mont was sired by Morris' Almont and that his dam was by one of the many Daniel Boones, but the statement that "Stucker's Rainbow was by Rainbow of Virginia, and he by imported Rainbow," is just about on a par with the other statement in this pedigree that "The dam of Rysdyk's Hambletonian was by imported Bellfounder; second dam by Rysdyk's Hambletonian." This is the first instance on record where a horse was the father of his grandmother. Then another sentence. Sir Daniel Boone's dam was a Diomed and Trumpedo." Shades of the peerless Diomed defend us from this trumped up Trumpedo!

READER, Boston, Ind.—Will you kindly inform me as to whether the enclosed pedigree is correct or not? Who was McDonald's Black Hawk Morgan? Would you advise a person having a well bred mare to breed to this horse? I bred to him last year and want to know if he is all right.

ANSWER—There may be such a horse as McDonald's Black Hawk Morgan, said to be the sire of this "Black Boy," but if so he has not any reputation and is not in any register. The pedigree you send does not state who sired McDonald's Black Hawk Morgan, but that his dam was by Big Archy. Now if his dam is known, why not his sire? And if his sire is not known, how can it be said he is a "direct descendant of Justin Morgan?" The whole thing looks as though it was a fraud—a pedigree manufactured to order, and poorly done at that. We should certainly not breed a mare to a horse carrying such a load of suspicion. Ask the owner to straighten this business up—tell you who bred Black Boy; who bred McDonald's Black Hawk Morgan, and what horse sired him, &c., and if he can't show a clean title to what he claims, refer him to the new Indiana law published in last week's issue of SPORTSMAN.

A. H. H., Columbia, Tenn.—Will you please answer in next week's SPORTSMAN the following: If a horse wins a race at a county fair under the saddle in 2:40 does that give him a record, and put him in the 2:40 class. There was only one watch held on him would that make any difference.

ANSWER—It only constitutes a bar for that way of going. See Rule 119, as follows: "Time made under the saddle, or on snow or ice, as well as time made when two or more horses are harnessed together, shall constitute a bar for races of the same character, but shall not be a bar for races of a different character." The rules also say: "the time must be taken by at least two timers selected for the purpose." Outside timers "don't count."

J. A. T., Ausonia, Ohio.—Please give the breeding and who owned the horses No. 123 and 143 in Wallace's Trotting Register and oblige.

ANSWER—123 is Eclipse Clay, bay horse, foaled 1865, got by Cassius M. Clay Jr. 21, dam Minnie by Hambletonian 10; 2d dam Jenny Lind by Monmouth Eclipse; bred by D. B. Amos, of Blauveltville, N. Y.; don't know who now owns him but think he is dead. 143, Gen. McClellan, bay horse, foaled 1854; got by the Drew Horse, dam by Shark. Record 2:29; taken to California by M. J. Lewis in 1872, where he died in February, 1880.

J. F. J., Clarksburg, Ind.—The horse President I inquire about is a black, said to be sired by Swigert and has a pacing record. You will please state in your next issue where did he obtain and how fast is his record; give his sire and grand sire, dam and second dam.

ANSWER—President made a record of 2:23¼ at Hamline, Minn., Sept. 17, 1887, in dead heat with Prince Mc. He is by Swigert 650, son of Norman 25; dam Patsy Lee said to be by Little Rock; 2d dam not traced.

F. B., Newcastle, Ind.—Where did Shonebrick Red Buck make the season of 1872 and 1873? Also state his size and color. Also where did Tom Hal 3000 stand the years 1872 and 1873, his size and color. These questions to decide a small bet.

BNSWER—We don't know a Red Buck of the name you give. Tom Hal 3000 stood at the stable of his owner J. T. Gray, Star P. O., Rush Co., Ind.

A SUBSCRIBER, Albany, Ind.—Will you please inform me through your valuable paper whether a horse called Mohawk Brave is standard, if so, please give number. He was bred by Dr. B. C. Stinson, of Alexandria, Ohio; sired by Mohawk Chief, dam by Vermont Morgan, and owned by a man in Chicago, I think his name is Stinson. He is kept now by a man by the name of James E. Phillips in Jay county, Ind.

ANSWER—He is not standard.

M. B. M., Crete, Neb.—Is Royal Wilkes standard, owned by Messrs. Campbell and Buck, of Auburn, Neb. Royal Wilkes, by Mark Field, he by George Wilkes. Color, dark chestut, strip in face and white on left fore foot; age five years old. Please answer and oblige.

ANSWER—No.

Stewart Mac.

We have had many inquiries as to when and where Stewart Mac, by Blue Bull 75, made his record of 2:30. The following is a true report of the race from the secretary at Anderson, Ind., at which place he obtained his record. This was done after a heavy season in the stud and with but very little work. He won this race in three straight heats over a poor half mile track full thirty feet over a mile.

ANDERSON, Ind., Friday, Sept. 7, 1888.—Free-for-all trot; purse $200; divided, $100, first; $60, second; $40, third. There were six entries and two starters. The following is the summary:

Stewart Mac	1	1	1
Silvey O	2	2	2
Helen M	dr		
Kittie R	dr		
Carrie H	dr		
Clifton Boy	dr		

Time—2:30, 2:32, 2:30.

Judges, G. S. Hale, H. H. Hale, William Hadden, Ionia; Clerk, C. L. Sherman.

We certify the above to be a correct copy of this part of our speed record, John P. Barns, President and Superintendant of Horse Department; Edmund Johnson, Secretary, Madison County (Ind.) Fair.

N. H. ROWLAND,

{Lexington, Kentucky,}

OFFERS AT PRIVATE SALE

A Grand Lot Of

Kentcky Saddlers, New York Saddlers, Coupe Horses, Road Horses, Pairs of Horses, Park Horses, Rockaway Horses, Trotters, Etc. All of them are Handsome, Stylish, Well Broken and Fine Actors. Among them are the following:

SCYTHIA Standard. — Bay mare, 15½ hands high, by Shamrock 1517; dam Emma Clay by C. M. Clay 22; 2d dam by Witherell Messenger. She is very handsome, gentle, level headed and game. She has shown a mile in 2:28 over a half-mile track, half-mile in 1:10, quarters in 34 seconds. She is a race mare.

WINONA Sister to Mary Anderson, 4-year-old record 2:23. — Bay mare, foaled 1885, by Lightwood; dam Mollie Neal (dam of Mary Anderson 2: 6) by Moore's Tom Hal; 2d dam by Slashem; 3d dam by Woodpecker. This mare is very promising and will go fast. She has shown a mile in 2:52 over a half-mile track, quarters in 41 seconds. She not only will make a trotter, but a great broodmare.

QUEEN Can show a 2:35 gait. — Bay mare, foaled 1884. She is the handsomest mare to-day in Kentucky. She is a walk, trot, and lope mare of the highest order and can show a 2:35 gait on the road. She is a perfect picture and of the best disposition. She will please any one.

PRINCE — Bay gelding, 15.3 hands high. This fellow is a grand Kentucky saddler. He is a very fast racer. He is one of the best saddle geldings in Ky.

FRANK — Brown gelding, foaled 1884. The handsomest walk, trot and lope gelding in the State. He has size and finish. A grand show horse. He has no bad habits.

BOYLE — Bay gelding, 16.1 hands high. He is a great actor. He has been shown at the various Kentucky fairs and in every instance was a prize winner. He is a good looker—one of the best I ever owned.

DARK NIGHT — Black gelding, 15¾ hands high, a grand looker and a good roadster; not afraid of steam, any lady can drive him. He is well broken in every sense of the word.

BAY TEAM — Both 5 years old, good lookers, full 16 hands high. They are well broken and can show a good gait on the road. They are both kind and gentle, drive single or double. This is a very handsome team.

BAY TEAM — Both 5 years old, 15 3 hands high, very stylish. They can show a three-minute clip together. They are well broken, not afraid of steam.

ALSO A NUMBER OF OTHERS THAT COME UP TO EVERY REQUIREMENT.

Visitors to Lexington, Kentucky, are cordially invited to examine my Horses.

Correspondence Solicited and Promptly Answered,

Respectfully, N. H. ROWLAND, Lexington, Ky.

Stables, extention of Short Street.

C. J. Hamlin of Buffalo Replies to a Crank.

Mr. F. M. Babcock, the well-known trotting horse breeder of Hornelsville, N. Y., in a recent letter to a brother breeder, C J. Hamlin, of Buffalo, mentioned certain public comments of a Mr. Seth Fenner, who it seems is paid a salary to lecture to farmers in the Empire State and enlighten them on the subject of agriculture, and as to the most profitable stock to raise. The breeder and owner of Belle Hamlin and scores of other good ones briefly replies to the false and ignorant teacher:

BUFFALO, N. Y., April 11, 1889

MY DEAR MR. BABCOCK:—I have read with no little surprise your letter of recent date, which sets forth Mr. Seth Fenner's mad attack upon one of the largest and grandest enterprises of which the American farmer can boast, that of raising the best road and speed horses in the world.

My surprise is not that Mr. Fenner should have made such statements, but that he should have presumed so much upon the intelligence of our rural populace.

Mr. Fenner is hired by the day to talk to farmers, and since he cannot point them to any successful agricultural experience of his own, it is no more than natural that he should point them to the real or supposed failures of others.

I quote Mr Fenner's language, as given in your letter: "I (Mr. Fenner) can select one hundred trotting bred stallions in my vicinity, and take all the colts they have ever sired and sell them at auction, and the colts would not bring enough to pay for the service of the stallions that sired them."

This needs no comment from me or any one else. Each individual clause of the statement brands its author as incompetent to pose as an instructor of the people, and in the minds of those who know him best it may brand him as something worse.

Not for the purpose of refuting Mr. Fenner's statements, for they refute themselves, but as a bit of testimony to show how profitable it is for the farmers to breed to good horses, I select from Mr. Fenner's immediate neighbors the names of a few farmers who have bred to my horses and sold the produce at an earlier age than many farmers would take them up from the pasture:

James Bander,	two 3-y-o by Almont Jr, for	$1,200
D. R. Green,	one 3-y-o by Almont Jr. ...	500
"	" 3-y-o by Almont Jr.....	500
"	" 4-y-o by Mam. King ..	1,700
"	" weanling by Mam. King	400
E G. Hubbard,	" 2-y-o by Mam. King....	1,500
"	" 3-y-o by Mam. King ...	1 250
S. Bunnell	" 3-y-o by Almont Jr....	6 0
Sam Willett	" 3-y-o by Mam. King ...	720
Henry Ken	" 2-y-o by Almont Jr....	500
Writer Smith	" 3-y-o by Almont Jr....	500
S M. Thomas ½ interest in	2 y-o by M King	300
W. W. Gowans,	one yearling by Almont Jr.	300
F. S. Phillips	" 4-y-o by Almont Jr....	400
V. Robert,	" 3-y-o by Mam. King....	500
"	" 2-y-o by Almont Jr....	300
G. W. Nestell	" 3-y-o by Almont Jr....	350
Charles Cole,	" 2-y-o by Almont Jr....	250

Most of the above are farmers who pay but little attention to horse breeding, but, owning good mares, know the value of high crossing.

Were I to merely enumerate the fortunes that have been made in breeding the American trotter or road horse, I would consume more space than I have writing materials at hand.

The American trotting horse should receive the most careful attention of the farmers of this land. Foreign markets are being rapidly opened. Every important nation in the world is looking at the American trotter. The time is not far distant when this land cannot raise enough good horses to supply the export trade. The sure and valuable incomes the small farmers of France have been reaping from the sale of horses to Americans will soon be repeated in this country, where we may look for the buyers of the world.

This is the industry which the tax payers of the Empire State are hiring a man to assail, whose only reputation as a farmer consists in broad fields of white daises and large crops of burdocks.

Yours truly, C. J. HAMLIN.

Name Claimed.

ROSA WILKES —I wish to claim the name of Rosa Wilkes for my bay filly with star and left hind ankle white, foaled April 11; sired by Ross Wilkes 1602, dam by Peavine. J. F. JARRARD, Clarksburg, Ind.

The Rush County Sale.

RUSHVILLE, Ind., Apr. 23, '89.

ED. SPORTSMAN:—The prospects for our sale, to be held May 8th and 9th, is very flattering indeed. Our new pavillion is now completed. Our catalogue, we think, is a credit to any organization, and the inquries by prospective buyers are thicker than hail stones. But this is not surprising, for the quality of stock offered never was surpassed. Reader, If you are in search of a brood mare, seek no further, but come to this sale and you can find dozens of them and of the gilt edged variety, too. If it is a stallion that you want, young and prospective, or mature and fit for immediate service, we have some good ones. If it's a trotter or a pacer with a record, we have them and they are clinkers. Young stock, both trotters and pacers, that have the outcome to them in great variety and of various breeds, are in our catalogue.

Chester C., 2:35, trial 2:22¾ at three years old, the phenomenal three-year-old, is sure to trot in 2.18 this year. It has just been recently ascertained that the groom of this horse administered leg wash by mistake instead of spirits last fall at Columbas, Ohio, the colt getting badly off and there was no way to account for it. He has come out as fine as a peacock this spring, and is going like the wind. Whoever buys him can go through the big circuit gloriously and wear diamonds.

Spurrier Boy, 2:30 trotting, has been put to pacing—his natural gait—and is going fast.

Legal Vein, two years old, paced a quarter this week in 36¾ seconds; has been handled but a few weeks.

Addie C., 2:26¼, pacer, a beautifully gaited mare, very steady and reliable; can win herself out in one or two seasons, her record being no measure of her speed.

Mahoning Belle, pacer, three-year-old trial 2:32½, is a beautiful young mare, very swift, and sure to pace low in the twenties this year.

Katie Wood, four-year-old record 2:31¾, is a busy one and a trotter. She obtained her record last year over a field of good ones and in the mud. She is a sure winner for the coming season.

Dude, 2:30¾, pacer, has shown trials in 2:21, and is a race horse without further training.

News Boy, two years old, by Morris' Almont.

Louis S., yearling, by Blue Vein.

Red Light, yearling, by Artemus.

Matilda, yearling, by Tasco.

All above named are very smooth articles and are of the sensational kind at the trot and pace.

There are so many good ones "on the list" that I am running the risk of being called to account for naming out these few. Every body send for a catalogue and make your own selection; you can't go wrong.

F. B. PUGH, Sec'y.

A Good List.

EAST SAGINAW, Mich., April 22, 1889.

ED. SPORTSMAN:—The subscribers to our Saginaw Valley Guarantee Stake of $3,000 are as follows: J. H. Miller, Elyria, Ohio; John Lawler, Port Huron, Mich.; F. J. Berry & Co., Chicago, Ills; A. A. Kitzmiller, Lexington, Ky.; Meyers & Wagner, Dayton, Ohio; A. Simons, Louisville, Ky; D. B. Hibbard, Jackson, Mich; H. L. Sharrick, Ionia, Mich.; J. S. Steele, Saginaw, Mich.; W. R. Armstrong, Romeo, Mich.; Budd Doble, Chicago, Ills; A P. Miller, South Bay City, Mich.; F. S. Norcross, Menominee, Mich.

Yours truly,
H. COLEMAN, Sec'y.

Mattie Hunter, pacing record of 2:12¾ foaled on April 8th a large, strong colt, sired by Patron, 2:14¼. This is Mattie's first offspring in five consecutive years, and the first male foal that she produced. Her first foal, now four years old, is owned by William Simpson, of New York city, and will be in Sam Caton's stable this summer. She is fast, and it is thought can beat 2:20 handily. The next of Mattie's foals, a full sister to the Simpson filly, trotted in 2:40 in a race last fall.

The Indiana Live Stock Investment Company,

OF

Crawfordsville, Indiana.

CAPITAL STOCK, $100,000.

The Oldest, Largest and Most Liberal Live Stock Insurance Company in the Stat

OVER $80,000 PAID FOR DEAD STOCK IN THE PAST THREE YEARS.

The Michigan Exposition.

[SPECIAL CORRESPONDENCE.]

DETROIT, Mich., Apr. 15, '89.

ED. SPORTSMAN:—One of the most enterprising of our States is the lake-locked State of Michigan. Her agricultural college has long held a conspicuous place in the list of enterprising and progressive agricultural institutions. This school, long conspicuous for its advanced methods, has sent out some of the most progressive agriculturalists to be found in the country. Michigan's live stock, her blooded horses and cattle, and her high class sheep and swine have in the past adorned every exhibit of prominence throughout the United States. Thus, as may be imagined, Michigan's annual fairs and exhibits have been marked by features of unusual interest.

But, despite the enviable record above mentioned, Michigan's progressive element has long been stirred by an intelligent dissatisfaction with existing circumstances. The problem has finally reached a happy sollution, and has crystalized in the form of a permanent exhibition society known as the Detroit International Fair and Exposition Association, an organization composed of half a hundred of Michigan's representative men, among whom are, United States senator James McMillan, President: Hon. R. A. Alger, ex-Governor of Michigan; Hon. Thos. W. Palmer, President State Agricultural Society, President American Percheron Horse Breeders' Association, ex U. S. senator and newly appointed Minister to Spain; E. W. Cottrell, prominent exhibitor through out the United States and ex-Secretary of State Agricultural Society; Messrs. Savage & Farnum, extensive breeders and importers of Percheron and French coach horses; D. M. Ferry, famous seed merchant and head of the largest seed business in the world, Vice President of the Association, and C. W. Robinson Secretary and manager of the Buffolo International Fair, will also assist in the work.

All the gentlemen above mentioned will be active in the management of the Detroit Association, the dates of whose Exposition will be from September 17th to 27th inclusive.

This Board, backed by the wealth and influence of the State, has begun operations on a liberal basis. The first move was to purchase a beautiful tract of land adjacent to the city, at acost of $150,000, and to decide on the erection of enormous exhibition buildings, costing an even quarter of a million dollars. Such enterprise is quite unprecedent in the history of inter-state exhibits; and it is entirely within the bonds of fact to assert that never has any one city in the line of an inter national Exposition.

The plant comprises seventy acres of beautiful rolling land on a high bluff commanding a superb view of the picturesque Detroit river, with its pleasant land and waterscape, its islands and its vast panorama of the commerce of the great lakes. Already the sight is penetrated by railroad, by street-car lines and by an electric railway, while a continuous line of boats will permit the agreeable diversion of a water trip to the grounds.

Truly this is a gigantic venture, yet there is no doubt but that Michigan's great Inter-national Exhibition, from September 17 to 27, will prove not only a success to the enterprising men who have just come to the front, but will bestow substantial advantage on the development of the agricultural industries and pursuits of the United States.

J. H. G.

Kansas Items.

GIRARD, Kan., Apr. 17, '89.

ED. SPORTSMAN:—We are having rather too much rain for the boys. There has been two new purchases in Girard since our last. Roger Bros., have purchased a fine trotting stallion from Ohio, Bonnie Clay, b s, seven years old, 15¼ hands high; sired by Harry Clay, dam by Ohio, by Breckenridge. Mr. R. Dorman also led a fine looking bay gelding from a car to-day that is 16¼ hands, is a pacer, and to Judge by his looks, is a good one. Mr. Dorman did not enlighten the boys any in regard to his speed.

Yours truly, D.

King Phallas.

MIDDLETOWN, Ohio, April 22, 1889.

ED. SPORTSMAN:—Only a few days ago I arrived from Kentucky with another horse which I procured expressly to cross on Autocrat fillies which are numerous and very fine individuals. King Phallas 3174, by Phallas 1446, record 2:13¾, the fastest stallion in the world and the fastest heat ever trotted by a stallion in a field of horses, 2:13¾. The fastest three consecutive heats 2:15, 2:14¼ and 2:15¼. The fastest three winning heats ever trotted by any horse, mare or gelding in a race, 2:19¾, 2:15¾ 2:16¾ and 2:13¾, and the fastest fourth heat trotted by any horse 2:13¾. Sired by Dictator, sire of Jay-Eye-See, 2:10, Phallas, 2:13¾, and Director, 2:17¾. Only think for a moment of the extreme speed lines. There are only three trotting honors in this big United States, the fastest stallion, the fastest mare and the fastest gelding, and that Mr. Jerome I. Case, a manufacturer away up at cold Racine, Wis., should slip down to Kentucky and procure two colts by one horse and return to Racine, and after a system of development send them out on the circuits to battle for the front with the speediest elements, and pitted against some of the world's finished mechanics and return home to the same stable with two of the highest honors out of the three, and both sired by one horse (the great Dictator), a Hambletonian Star. Just think of it, two-thirds of the trotting honors of the world in one State away up at Racine, Wis. When will ever lightning strike twice in the same place again? The Hambletonian Star, coupled with the first dam by Clark Chief, (sire of Kentucky Prince, sire of Guy, 2:12), by Mambrino Chief; 2d dam by Ericsson; also a great son of Mambrino Chief. The first dam of King Phallas is Mambrino Princess, record 2:32½ as a four-year-old, by Mambrino Star, 2:28¼, with a capacity to speed in 2:20, and back crosses equally as good.

Now, friend Randall, what do you think of such blood to couple with the get of Autocrat when I tell you in King Phallas I procured the very finest and best looking individual I saw in all my travels. I am happy to say that I now have the blood that will nick and produce fine results, and contend that I can without fear hold up my right hand and say that in Autocrat 1093 and King Phallas 3174, I have two of the very finest individuals coupled with the highest type of speed lines in any State—I would just say the United States, but might be put down as a blower, but any one who is inclined to doubt the assertions, come and see and be convinced.

Respectfully, D. W. REED.

Well Filled.

DETROIT, Mich., Apr. 20, '89.

ED. SPORTSMAN:—The following is a list of subscribers to the Merchants and Manufacturers $10,000 Guaranteed Stake, offered by the Detroit Driving Club, to be trotted for at the Blue Ribbon meeting, July 23, 24, 25, and 26:

Chas. S. Corning, Peoria Ills.
S. A. Browne & Co., Kalamazoo, Mich.
John E. Madden, Lexington, Ky.
M. E. McHenry, Freeport, Ills.

Yours truly, H D. MCKINNEY.

Tennessee Notes.

COLUMBIA, Tenn., April 20, 1889.

ED. SPORTSMAN:—There are about fifty head of trotting and pacing horses in training here at the track. This is the best half-mile track I ever saw; the turns are long and the stretches short. Among the horses here are Duplex, Brown Mark, Jim Score and Scotts' Almont. Ed. Geers is twelve miles north of here with about thirty more. This is the home of the pacer. There will be an exhibition race here the 8th of May between Brown Hal, 2:13, and Duplex, 2:17. There is to be a horse fair and the Scotch Irish Congress meet here from the 8th to the 11th—racing every afternoon.

I do not see as many copies of the SPORTSMAN coming to this post office as there should be for the amount of good horses and horsemen there are here. Wishing the SPORTSMAN success I am

Yours truly, AL H. H.

An Argument for Running Blood.

New converts are rapidly being made to the doctrine of running blood in the trotter, and the skeptics are gradually weakening. We believe with the writer of the following in the Farmer's Club Journal, that it is the leaven most desirable in all harness stock, whether wanted for the turf, the road or farming purposes:

Will the mixture of running blood with our common stock improve our horses?

The foregoing question is one the farmers of our section might study with profit. We believe that the mixture of running blood with our common-blooded animals would much improve our stock. A strong dash of running blood gives a finer coat of hair, a fine, bony head, hard and finer legs, good feet and ability to come back from the end of the road. It makes them gamier, gives power of endurance. A horse possessed of such blood will do much more work on the same feed than a common-blooded horse of the same health, while his style and beauty is much better and, therefore, he is much more valuable.

It would seem that, when farmers see the success others have had and the money they have made by crossing their common-blooded mares with the running blood and the trotting blood, that there would not be one who would use other than a large, sound, fine and handsome running-bred or a standard bred horse of individual merit if they desire to obtain a fine, valuable, all-purpose horse.

Many breeders of trotters claim that to have the fastest, gamiest and greatest race horse, that it must come from a dam possessed of considerable running blood. This much is at least certain: that the greatest brood mare sires are possessed of a larger quantity of running blood, and that some of the greatest brood mares the world has ever seen have a large quantity of running blood in their veins, and are amongst the highest priced and most sought after. As was shown by the last issue of the Journal by the prices paid and offers made for colts by Griffin Brothers' running horse Pride of Hamilton, such colts bring from two to three times the amount for which common-blooded colts of the same age sell.

The Pacer Ignored.

Under the above head we find in the Tennessee Farmer the following very just criticism of the course pursued by the management of the Tennessee Fair in practically precluding the pacer from the show ring and race track, written by Mr. Buford, of Giles county, one of the most prominent breeders of that State. Evidently the authors of the premium list for the Tennessee Fair are interested in trotters only, and as they cannot successfully compete with the pacer on the track, they determined to "leave him at the post"; but the "old thing wont work"; the side-wheeler is bound to keep to the front in spite of the envy and jealousy of his enemies.

BUFORDS, Tenn., April 3, '89

I notice to my great surprise an apparent attempt on the part of the part of the managers of the State Fair of the State, to unjustly discriminate against the pacer, and thereby tend to discourage the breeding and training of that popular gaited horse. This statement is based upon a circular which I have just received from the secretary of that association. To those who are interested in breeding and rearing pacing horses, and have not been favored with one of his circulars, it may be interesting and surprising to know, that while there are four stake races for trotting colts, there is not a single stake offered or open to the pacer; and when we look at the purse races, it would seem self evident that the same prejudiced mind or minds that completely shut the pacer out from all participation in the stake races, shaped the policy that again attempts to consign the pacer to oblivion as out of eight races only two are provided for pacing horses; viz. one 3:00 class, and the 2:30 class, while the trotter is entered to contest in the 3:00, 2:45, 2:38, 2:33, 2:29 and the free for all classes, and when we examine the purses to be contested for, this blind prejudice is more apparent than ever. In five out of the six trotting purses, the lowest purse is $600, while the free for all trot is $800; while for the pacing classes we find that the management offer the princely sum of $300 in the 3:00 class and $400 in the 2:30 class. In other words for the purse races alone the association award $3,800 to the trotter, $700 to the pacer. Now while this unjust policy might be justified in some states where the pacer is scarcely used or heard of, either as a track or road horse; it is indeed difficult to understand upon what theory or principle the managers of the fair of this great State claim to justify their action. I know I speak within bounds when I say that there is $10 invested in pacing horses to $1 in trotting horses in this State, and if we strike from the record and fair fame of Tennessee, the glory achieved by the pacing family, this State would cut but a small figure in the racing world. Old Tom Hal, Little Brown Jug, Mattie Hunter, Joe Braden, Brown Hal, Joe Bowers, Duplex, Bay Tom, Rattler Brooks and have given to the State its world reputation as a State in which the speedy harness horse can be produced. And yet with this record before it, the managers have seen fit to cruelly stab this great interest, and thereby so far as they can dim the lustre of the achievements of the greatest race of horses the world has yet produced.

The writer has no horses or colts which he desires to enter in any pacing races, and hence has no personal grievance; but the injustice is so palpable, that as a lover of the fair play cannot resist the impulse to call the attention to the breeders and horsemen of this State to it, and urge upon them to in some manner correct it if possible.

Woodard's Sale of Trotters

LEXINGTON, Ky., April 23.—This was the opening day of W. T. Woodard's sale of trotters here. The weather was warm, crowd good and bidding spirited. Forty head changed hands for $19,565; average, $489. Those bringing $500 and over were:

Cromwell Wilkes, ch s, by Bourbon Wilkes, dam by Clark Chief; J A Jackson, Canada	$750
Kentucky Belle, ch m, 8, by Young Jim, dam by Almont Rattler; Webb Price, Lexington Ky. (who at once resold her to G. W. Headley, Lexington, Ky., for $1250)	950
Miss McGregor, b f, 2, by Bonnie McGregor, dam by George Wilkes; C S Wilmott, Lexington	750
Roswell, br s, 2, by Wedgewood, dam by Belmont; J Framer, Philadelphia	570
Hightower, b s, 4, by Red Wilkes; dam by Brown Chief; E O Fretwell, Paris	1,050
Veloa, b m, 7, by Strathmore, dam by Mambrino Patchen; R L Goldpastor, Mount Sterling, Ky	600
Ch yearling f, by Robert McGregor, dam by Abdallah Mambrino; C H McCormick, Omaha, Neb	1,000
Sannie A., b f, yearling, by Shawmut, dam by Dictator; S H Ormsby, of Anchorage, Ky	560
Susie A, b f, 2, by Princeps, dam by Dictator	825
Nellie Stranger, br f, 2, by Stranger, dam by Mambrino Eagle; T B Muir, Chilesburg, Ky	500
Prioress, b m, 6, by Administrator, dam by Volunteer; C S Wilmott	880
Vida B., b m, 4 by Almont M, dam by J O Breckenridge; Dr J Madara, of Lexington, Ky	625
Whipple's Hambletonian, b s, 6, by Whipple, dam by Ericsson; J D Carson, Spring Lake, Mich	575

One of the greatest pacing races on record is to be contested at the fall meeting of the Helana course—a race really in which some of the noted steppers of the day will participate. Several Montana horses will be entered, though already the foreign owners of swift nags have signified their intention of being present and participating therein by entering their animals, their names, record and owner's names being:

St. Patrick 2:23, by Marcus Daly, of Butte Montana.

Raven Boy 2:15, A. C. Arey, Portland, Oregon.

Adonis, 2:14, O'Rourke & Gonzales, of San Francisco, Cal.

Gold Leaf, 2:15, Monroe Salsbury, San Francisco, Cal.

Almont Patchen 2:15, C. H. Corey, San Jose, Cal.

The race will be free-for-all, purses of $1000 for each contest be held up at Helena, Butte and Anaconda. Turfmen and other lovers of horse flesh will be afforded a rare treat in this match, as horses are to be brought here from the places named expressly for those heats, especially Raven Boy, who has lately been purchased by Mr. Brey, solely for the purpose of entering him in this race.

THE Kalamazoo Farm stable of trotters will be a formidable one this season and will be composed of two, three, four, and five year-olds. They are a choice and highly bred lot, and so far very promising. The expert trainer and driver Peter V. Johnson will handle the following list of good ones belonging to the Kalamazoo Farm: Eminence 2:21¼; Strathbridge 2:20¼ at three years old; Nellie H. 2:50 by Ambassador 2:21, dam Lady Greer 2:38; Embassy 2:56¾ by Ambassador, dam by Fillingham; Lady Mack by Victor Von Bismarck, dam Lady Carr, the dam of Ambassador 2:21¾, and Alcandre 2:26¼, Mag Nolin, sister to Blue Grass Hambletonian 2:20¾; Signo Vinces brother to Sir Knight 2:23¾; Suzerain, brother to Sir Knight 2:23¾; Little Odd, half-sister to Happy Russell 2:21½, by Baron Wilkes, dam Odd Stocking by Happy Medium.

Mr. R. C. Stinson, the educator of Patron and Houri, has now in training and will drive them in their engagements the following belonging to the farm: Queen Wilkes, 3 years, by Jay Bird, dam by George Wilkes; Servia, 3 years, by Grand Sentinel, dam by Gov. Sprague; San Jose, 2 years, by Grand Sentinel, dam by George Wilkes; Sillistria, 2 years, by Grand Sentinel, dam Soprano, dam of C. F. Clay 2:18; Eminence 2:21¼ and Strathbridge 2:28½, This filly will bear watching. Streamlet, 2 years, by Grand Sentinel, dam by Happy Medium; grandam the dam of Houri, is in the same stable.

Mr. J. W. Knox has in training for this same establishment the following: Ethel Mc, 2 years, sister to Redwood 2:30¼, by Anteeo 2:16¼, dam by Lou Melton; Lady Sultan, 2 years, by Sultan, dam by Thorndale; Wenonah, by Robert McGregor 2:17½, dam Tullahoma, dam of J. B. Richardson 2:17½.

A Royalmont Colt Sold for $500.

Mr. Lafe M. Cheek, yesterday, sold to a gentleman in Ohio, for $500, his two year-old colt, Royal-Mac, by Royalmont, dam by Doc. McLaughlin, for $500. The colt was shipped on the mail boat, last night in charge of Henry Peppergon, who has had charge of him during the winter and spring. Ten other Royalmont colts have sold right here at home (and this no trotting horse community) and the average price for the whole number sold has been $190 each. The average age of the lot was eleven months. The youngest sold for $100 at a week old; the oldest 22 months old, brought $500. The lowest price realized was $75 at 10 months old. These are bona fide sales and figures. The prices are not remarkably high for the kind but are profitable to the breeders, and probably four times as high as any other yearling colts ever sold for here.—Aurora Independent.

Foals of 1889.

AT WOODBURN FARM, SPRING STATION, KY—A. J. ALEXANDER, PROPRIETOR.

April 11—Chestnut filly, by Lord Russell, dam Claytona (dam of Calinda 2:28¾), by American Clay.

April 12—Bay filly by Lord Russell, dam Minna Wilkes (sister to Kentucky Wilkes), by Gov. Wilkes.

April 12—Chestnut colt (died) by Lord Russell, by Annapolis.

April 15—Chestnut filly by Lord Russell, dam Naiad (sister to Viking 2:19¼, &c), by Belmont.

April 16—Bay filly by Lord Russell, dam Elite (sister to Elaine 2:20½, &c.); 2d dam Electioneer's dam, Green Mountain Maid.

April 18—Chestnut filly by Lord Russell, dam Rosebush by Woodford Mambrino; 2d dam Primrose.

April 18—Bay or brown filly by King Wilkes, dam Pulcheria by Harold, 2d dam by Belmont.

April 13—Bay or brown filly by Falsetto, dam Finical by King Alfonso, 2d dam by imp. Glenelg.

April 13—Chestnut filly by Falsetto, dam Pearl Thorne (sister to Bob Mills), by Pat Maloy.

April 14—Brown filly (died) by Falsetto, dam by Lexington.

April 15—Bay colt by Powhattan, dam Hester by Lexington.

April 18—Chestnut colt by Falsetto, dam Galanthis (sister to Springbok), by imp. Australian.

April 14—Black colt (property of F. H. Lewin, New York city) by Falsetto, dam Vivanda by imp Eclipse; 2d dam Vivandiere by Revenue.

April 14—Bay colt (property of G. B. Inches, Boston, Mass.) by Lisbon, dam Gold Drop by Harry Bassett; 2d dam by imp. Leamington.

AT SAGINAW STOCK FARM, SAGINAW, MICH.

April 11—Bay colt, no marks, by Sphinx, 2:23; dam Prairie Lass, by Louis Napoleon 207.

April 13—Chestnut colt, no marks, by Sphinx, 2:23; dam Kate Talbert, by Mambrino Gift, 2:20.

STARBOURNE PLACE, INDIANAPOLIS.

April 6—KINGDOM, bay colt, star and white hind feet, by The King, 2:29¼; dam Birdie R., by Joe Downing 710; 2d dam Polly Bird by Blackbird 401.

STANDARD STOCK FARM, PLAINFIELD, IND.

April 20—GOLD KING, black colt, no marks, by The King, 2:29¼; dam Fannie M., by Whip Gold Dust; 2d dam Fannie by Old Red Buck.

MARVIN FALM, RIVERSIDE, IND.

April 13—Bay filly, by Doc McLaughlin, 2:30; dam by Full Hand.

Races at Lexington.

The one-hundredth race meeting of the Kentucky Association opened at Lexington last Wednesday. Notwithstanding a pretty heavy rain threatened to interfere with the sport 1,500 to 2,000 lovers of the sport of Kings made their way to the track. This is an extra week's races, as the regular annual meeting does not commence till next week.

There were ten bookmakers on the ground who were well patronized, but the small betters made such wise selections that the bookies quit large losers.

The first race was a dash of six furlongs for three year-olds and upwards, weight up. Long Roll had the call in betting, and fully justified the good opinion of him though he is considered the poorest horse in Harper's stable. At the half Thad Rowe was first with Annie Burge next, and at the three quarter pole Annie was in the lead, Teuton close up. Coming down the stretch, Long Roll, who had been running a waiting race, went to the front and won easily by two lengths in 1:17, Marchma second, Queen of Trumps third.

Second Race—Purse $300, for maiden fillies, two year-olds, one-half mile, with nine starters. Gracie M. was an immense favorite, selling in the auction pools at even against the field. A quiet tip, however, went round on Daisy F. and she was backed from 7 to 4 to 1, at which odds considerrble money was placed on her. At the start Silence went away in the lead, with Happiness second and Gracie M. third, the others well bunched. Positions were rapidly changed in the run to the three-quarter pole, where Gracie M. was in the lead. It appeared to be her race coming down the stretch. But Daisy F. came strong and fast, and after a driving finish landed the winner by a length from Gracie M. second, Happiness third. Time—52¾.

Considering the state of the track this was most remarkable, for good judges put it at from two to three seconds slow.

Third Race—Purse $300, of which $50 to the second; five furlongs. There were six to start. In the betting Grayson was at first the favorite, selling in the pools at $6 to $10 for the field. In the books, just before the race, Palisade had been backed down to even money. The field consisted of Lord Peyton, Samaritan, Joe Nevin and Joe Blackburn. At the start Joe Blackburn, Grayson, Joe Nevin and Samaritan got off well together in that order, but in instant Grayson went to the front, and, with Samaritan as companion, went by the half pale leading the party. There was no tarrying going up hill. It was a race to the death. Palisade, who had been left in the rear, came along with the wings of the wind, and, ere the party had turned the three quarter pole, was in the lead. Coming down the stretch it seemed that Palisade would win. He was heading Grayson and running easy, while Grayson was driving. At the eighth-pole Palisade faltered. His flanks caught the lash just as Grayson came up with him. There was desperate riding to the string, Stoval (on Grayson) striving like a demon for the mastery. The last rider won, and Grayson passed under the wire a winner by a scant length, Palisade second, Samaritan third. Time—1:07¼.

The fourth race was a selling purse of $300, of which $50 to second, for 3 year-olds and upward; $1,500, weight for age; allowances, 1 lb. for each $100 to $1,000; 2 lbs. each $100 less; six furlongs. There were nine to start. Cheeney was the favorite in the pools at $20; Wahsatch, $8; Miss Flood, $6; the field, $10, consisting of Lee Dingelspeil, Weeks, Lakeview, Lady Hindoo, Joyful and Bravura. Bravura got away in the lead, with Lee Dinglespeil second, Weeks; third, Lakeview fourth, the best ones behind.

Entering the stretch Miss Flood was leading, with Cheeney making a great run for the position, but the daughter of Harry O'Fallon, could not be headed. She came in a winner by two lengths, Wahsatch second nearly the same distance ahead of Cheeney, third. Time 1:20¼.

The result was an immence suprise to the knowing ones. The winner is a beautiful chestnut, owned by Mr B. F. Pettit, of Fayette. She was put up at auction, but no one advanced on her owner's price, though many would like to do it. She is, indeed, a handsome filly, and had been pretty well hidden from the boys.

Breeding and Care of Mares and Colts.

Below will be found the views of several prominent trotting horse breeders, clipped from Turf, Field and Farm:

From "Aurelius," Union Springs, N. Y.: The highest mark that the thermometer has reached under my own observation was 112 degrees in the shade, and the lowest was 22 degrees below zero. These are extreme cases, as the thermometer rarely goes above 90 in the shade in Summer or below 10 in Winter. I prefer to have my colts dropped as near the 1st of January as possible. Besides the obvious advantage of growth for competition or for stake races, there are many other advantages which would recommend it, even though the colt were never to compete for prizes. I have my stable heated, say about 68 degrees, day and night, all through the Winter. When the mare is within ten days or two weeks of foaling time I take her into this stable, and after she foals she does not leave it until she goes out in the Spring to grass. I have it comfortably warm when the mare foals, a man being in constant charge from the first symptoms of parturition until the colt is delivered. The little fellow soon feels the effect of the genial atmosphere and, though the storm may be raging outside, he quickly begins racing around, tail up and stopping occasionally to give his mother a "love tap" with his hind heels. I have seen them frequently stand up without assistance before the mare. During the first twenty-four hours after foaling I give the mother plenty of warm gruel, made from ground oats and bran. after the fever has subsided I give ground oats made into a slop, as much as the mare will comfortably eat or drink, as you may call it, say three or four times daily. In addition to this I generally feed cut hay, mixed with bran and ground oats, three messes a day, say of about half a bushel each time. I also give some sweet hay through the day, clover cured when in bloom and without dust being my favorite fodder. I find that the colt comes on very fast, and in about a week or ten days he will be found taking his part like a little man out of his mother's ground oats. From the time he begins to feed on such food he will increase rapidily. By the 1st of May he will be as large as ordinary colts that are six months old; he will be large and strong, and better able to "rustle" under the extremes of heat and cold. We generally "turn out" about the middle of May. From that time I feed my mare and colt nothing besides what they eat in grazing. There is in this section the most fertile tract of country, clay rolling land, with a limestone subsoil, that is adjacent to the lake and produces abundance of the best grass. I prefer an old pasture that has not been disturbed for many years. The grass is close as velvet, and when grown looks hairy and brown. It is very fattening and the stock thrives exceedingly well. By the middle of May the colt will be four months, and may be weaned if desired, though I generally prefer to let them run until five or six months. I have seen no evil effects from letting them follow the mare until that time, and my mare breeds regularly every year. I have had none fail so far, in my moderate experience. I believe that everything depends on keeping up the vitality of the mare, and that she should be brought to foaling time in strong, though not fat condition. When I am ready to wean I take the mare to the barn, and separate her from the colt. I feed the mare on dry hay, and reduce the quanity of water given. I let the colt suckle twice a day for two or three days, then once a day for two or three more, then I separate them entirely. I anoint the mare's udder with a mixture of aqueous extract of belladonna one part and cosmoline four parts. It will prevent fever and caked bag, promoting the absorption of the milk, and soon bringing about a normal state of the udder.

The mare and colt are at once turned out again to pasture, as soon as the weaning is complete, but kept apart for a couple of weeks.

They will then have a couple of months of good feed before "fly time" comes in latter August to disturb them and prevent them from feeding. I cannot see any other treatment that can compare with the plan I have described, and know of no feed better than the rich natural grasses of this region. There must be an abundance of good water. I would prefer either water running from living springs, lake or running water. I don't think colts, or in fact any stock can do as well on water that has to be pumped. Along these shores a cool breeze sweeps over the points of land, and I notice the horses and cattle go out and the flies do not follow them, as they do inland.

When the colts are taken in in the Fall, I would separate them two by two, and let them occupy box stall during the night and and in stormy weather, and let them run in a yard during the day and in pleasant weather. I do not like to see more than two or three together, as it makes them wild and timid. There are always one or two stronger and bolder than the rest, and the weaker suffer proportionately. I feed my weanlings three times daily. I use the following ration, on which they thrive exceedingly: Two quarts of ground oats, two quarts of bran, and about four quarts of washed and sliced carrots. I think very highly of the the latter element though I am aware it is condemned by some breeders whose judgement I respect most highly. I fancy, perhaps it is all a fancy, that all animals in domestic use, as horses and cattle, should have some green food every day. I feed carrots, potatoes and sparingly, apples to my roadsters, my little Jerseys and my weanlings. Some prefer potatoes. General Tracy likes them. I have not tried them, but have no reason to doubt their value. In feeding colts fodder I prefer clover cut in the bloom to any other kind of hay. I have used some millet, and like it. I do not like the idea of letting young stock run out all Winter in open sheds. I do not think it hardens them, but on the contrary I believe it arrests their development. If I had the superintendence of the farm I would heat the stalls of my weanlings, my brood mares, and especially my roadsters. I have followed this plan enough to satisfy me that if it were practiced we would hear less of epizootic and catarrh disorders in the Winter.

I think that the colt should be broken to halter within twenty-four hours after it is born. The longer we postpone the first lesson that man is its master and yet its friend, the more difficulty we will experience in arguing the question with satisfaction. If the colt is shipped faom home to be bred, it will greatly lesson the danger and difficulty. I find that colts two or three days old will travel hundreds of miles on the cars like old soldiers, and, consequently, I wait until the colt is born and some days old before I ship away for breeding. I prefer to breed on the ninth day, and to have the mare served on two successive days. As I have not been fortunate enough to keep my colts long enough to train them, I have no experience to offer. Still, though I believe in breaking early, say as yearlings, and in gradual development, I am opposed to severe training before four or five years old. I don't think colts can train on if otherwise treated. My experience in breeding is very moderate, and I have no doubt that your veteran contributors will notice many unsound positions in the above; but that is my present position on the subject suggested by your questions.

From L. U. Shippee, Stockton, Cal:

The range of the thermometer is from 28 degrees above zero in the winter to 92 degs in summer.

I aim to have my colts dropped from Jan. 1 to June 1. The most desirable months would be March and April, where there are large numbers.

Our grazing commences on the first of January and gets very good by the first of March, generally.—we have green grass on or before the first of January, and our pastures are good by the first days of March; so stock make a good living.

I wean colts, generally, at five months old. If I have quite a number, I usually take them away from the mares and put six or eight in a tight corral where they can run under a shed. They wean much better together, taken away from the mares, and before halter breaking. After four or five days, I take them up and halter break them. I find that after they have been weaned five or six days they halter break with less than one-half the trouble.

I feed them with cracked oats and wheat-bran; if not that, cracked barley and bran.

In regard to winter, where we raise large numbers of colts, we generally have large sheds attached to the barn, and place the sheds on the opposite side of the stormy side of the barn. The sheds open into large corrals, containing from a quarter of an acre to an acre of land each, and we place some eight or ten together. If I were raising only a few colts, I would prefer a box stall with half an acre of land attached with tight fence, so the colts can run in and out together. But, in my opinion, the most desirable plan in wintering colts in this climate is to have a barn with box stalls, say twenty or thirty box stalls, in each barn, having the stalls so arranged that one colt shall be in each stall. Also have lattice work between stalls so that the colts can see each other all over the barn. I think this the most desirable for they do better and are better contented.

We sometimes get our hay and put a little middlings, cracked oats and bran together, which makes a very nice way to grow colts. I think they grow as fast that way as any way I have ever grown them.

I break my colts, generally, when they are coming 2 years old—the fall they are coming 2 years old, which is the time I like best. I bit them a little, for a short time, about an hour at a time, and drive them with lines and get them clever. Then I hitch them up by the side of a gentle horse in a cart, drive them in that a few minutes until I get them clever, and then take them from that into a light cart. I never attempt to speed them until I get them quite well broken and until they thoroughly understand the harness and bit; break them considerably to the word, so they will understand when we speak to them. If I ever speed them, I take pains that they are hitched up in a very light rig and speed them for a short distance at a time—a hundred yards at a time.

In regard to my mares, I am breeding about 150, and hence the most of them run out the year around. I stack large stacks of straw, sometimes hay with it; every layer of straw in the stack I sprinkle thoroughly with salt brine. These stacks are about 30 feet wide and 30 feet high, from 50 to 300 feet long; a close fence is put close to the stack, and the stock are allowed to eat into the stack. After they eat into it as far as they can reach I pull the straw down to them.

These stacks are made in large pastures, containing from 40 to 300 acres, so that the stock can run to them and the grass at the same time; and they are so arranged as to give the most protection during a storm. Hence, our stock does well, makes a good wintering and is kept cheaply.

Of course when a man keeps but a few mares he keeps them in barns and box stalls; but in the case of large numbers, this is the way they are generally kept; except in some of the best breeding farms where there are barns and box stalls for all. But I would recommend in all cases that the box stalls in barns be latticed above 4½ feet, so that the stock can see each other. I think they do much better and are much more contented.

Trust this will be satisfactory, which I think is a general system adopted among our best breeders in California. We are not troubled here with any snow or any severe storms, nor do we have to house our stock as breeders are compelled to do in the East. Consequently they are able to run out almost every day in the year. For that reason, I thing, our young stock does better and matures earlier, and our mares by getting regular exercise bring straighter and better foals.

Most of us here have a miniature track, about 200 feet long, where we are able to exercise our stock, by standing in the centre with a long whip; one man can give fifteen or twenty exercise each day without much trouble.

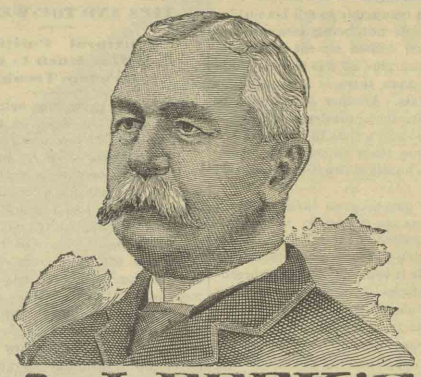
In beginning to break our colts, we frequently put tips on their front feet for the month, before shoeing—generally get them gaited with tips only.

If you find any information in this which will enlighten the public, I shall be pleased to have given it. I would be glad to write much more, but my time is very much taken up in business at the present time; and may have an opportunity to give something further in the near future.

From Col. Posey S. Wilson, Washington, D. C.:

Your letter was forwarded to me here from Denver. In reply, I will say that I am not at present engaged in raising thoroughbred horses, but will cheerfully give you my opinions based on about fifteen years breeding in Northern Colorado. The thermometer ranges from about 20 degrees below zero to 100 degrees Fahrenheit. The seasons are variable, so that pasture is ready for grazing some years in April or even March, and other years not till June. It was my aim to have colts foaled in February, until I found any month sooner than April too cold. I found at the end of the seventh month to be the best time to wean, except in the race of quite old mares and quite young mares, and when I found the end of the fifth month a suitable time, the mares being fed until grazing was good. My plan in weaning was to shut the colts up and move the dam several miles away, entirely out of the hearing of their offspring, handling and training the colts, the weanlings, to stable discipline until the dams dried up and returned, when I would turn them in together.

I found them to thrive best on bran, with about a handful of ground barley or wheat oats stirred in to about half a water bucket



A. J. FEEK'S

Every Man His Own Trainer,

CONTAINING CHAPTER

By Chas. Marvin, of Palo Alto, Cal., on Colt Training,

IS NOW READY FOR DELIVERY.

Syracuse, N. Y.

AGENTS WANTED in every town.

of bran, Colorado bran being unusually rich and sweet and colts extremely fond of it, even when running on green grass. For the first week or two I was careful to scald the bran to prevent scouring, but gradually came to feeding it raw. I gave this ration three times a day, and for roughnes let them run out at grass as soon as they had ceased to fret for their dams. I did not feed foals in Summer, but believe it ought to be done. As Winter came on I fed them alternately ground corn, barley, wheat and oats, mixed with twice its bulk of bran; fed them about a quart at a feed, mixed with two quarts of bran, and at noon gave them about half rations. I gave about equal parts of alfalfa and timothy twice a week, and the rest of the time clean timothy or native upland, or gramma. grass. I found aflalfa too stimulating to the kidneys of colts for steady feeding. I gave each weanling a big box stall at night and let all run out all day, picking at stubble field or at grass. I found timothy meadows excellent for pasture for the youngsters until about December. I turned them out all day every day, except on stormy days, when I would turn them out an hour or two and take them up for about four hours, and let them get thoroughly dry and warm and filled up and turn them out again. I found both box stalls and sheds, facing the sunshine, necessary, or else a thick growth of cottonwood trees, behind which they could take shelter from cold winds and yet enjoy the sun. Colorado being so dry a climate, horses can enjoy out-door exercise almost every day in the year without injury, and I found that an hour or two of exercise in the worst blizzards a benifit to them, developing their muscles and increasing their courage. A blood-horse will face a storm that no other horse can be made to.

If foals can be watched most of the time by careful grooms, it is best to halter them almost as soon as foaled, and handle the foal as soon as his mother is disposed not to fight over him.

After a colt has passed its first year I would begin to substitute one feed of oats, mixed with a little slightly dampened bran, for one of his rations of ground feed, and I generally fed them about as I would feed ight carriage horses. As to training, I am a firm believer that it is an error to start a colt before he is three years old. I would give him work the first year, and twice during his second year, simply to start his development; but I would give him no serious work until well within his 3-year-old form. While I raced very little in Colorado, because of the few meetings and the hard tracks, I think that I raised some of the most enduring horses I ever saw. I have ridden thoroughbred horses eighty miles a day, and, in one instance, one hundred and forty miles in two days without injury to them, and without their giving up. I never had a diseased horse in all my experience, except colt distemper, from neglect, in about four instances; although when pink-eye and epizootic were epedemic in my neighborhood I isolated my horses and gave them some slight tonics and gentle purgatives.

To sum up, I found Colorado to be one of the best countries in the world to breed thoroughbred horses if one can get a location in a valley where the soil is not hard or stony, where there is some shade, clear running water, and where alfalfa and cornstalks are raised, and ground feed can be had from the mills; yet horses should never be started on their abominable, gravelly, uneven and hard tracks, nor in the spring, when winter storms are liable to occur, even in May; but the Colorado bred colt, if taken elsewhere to train, ought to be good in any company. I found this peculiarity in Colorado colts that their procreative instincts develop unusually early, especially where they are fed to force their growth, so it is necessary to keep the sexes apart as soon as they have turned their fourteenth month, though this may be regulated by diminishing the feed in some cases. I found the best company for fillies to be exclusively with broodmares and the best company for colts to be with quiet old horses (geldings). If a breeder can have mountain pasture for summer time so much the better, for the lowlands are infested with more flies, mosquitoes and gnats than any country I have yet seen, though their season is short.

The Colorado breeder suffers the disadvantage of not being able to sell his surplus colts, the people not being interested in running horses; and in almost any county in the State a surplus of five thoroughbred colts is more than there is a demand for within the State. Another difficulty is to get riders and trainers; the demand for their services for so short a time in the year, and so few breeding studs in the State where they can make homes between meetings and seasons.

As there is generally so little profit in breeding horses for the track, it might be ruinous to breeders if there should be any great diminution in the number starting as 2-year olds. Is it to the advantage of breeders both that horses should be weighted out of the way or should break down, and that colts should be trained and run early, because it increases the number demanded each year. I suppose that the change can never be made to the old methods of later training and hardier stock for these reasons, if no others. Early racing is cruelty, for it makes a cripple of a beautiful and noble animal all the remainder of his days.

The half-blood horse reared carefully in Colorado air, makes the best "general purpose horse" I ever saw. The blood-horse on good mares of medium size, brings an ideal horse. I fancy that the Sussex horse of England would cross admirably with the American horse for general riding and driving.

From W. P. Hunt, Normandy, Mo.:

No. 1. The extreme range of thermometer in the winter is 15 degrees below zero, 68 above. In summer the hottest day 103 in the shade. Pasture is ready for grazing about the middle of March. I try to have my colts dropped as soon after February 15 as possible.

No. 2. I wean my foals about the middle of October. I take them from the mares and keep them in a dark stall for one week, and then turn them into a pasture away from the mares. I keep troughs filled with oats where they can get them. I always halter break my colts when they are two or three weeks old.

No. 3. I have tried the sheds, but find box stalls to be by far the best.

No. 4. I find corn and oats ground fine and plenty of good timothy the best food to produce good healthy growth. I sell my colts as yearlings, and therefore have no method of training.

No. 5. I believe by adding bundle oats to my feed I can get a little more size without injuring the colt. I believe in forcing the colt to a certain degree, but I don't think it is healthy to nurse colts too much.

From Thomas H. Tongue, Salem, Oregon.

About 90 degress in Summer is extreme temperature, as is 10 in Winter; 40 degrees in Winter and 80 in Summer is not common. The boys have had no skating this winter, and grass is now green. I aim to have colts dropped from March 1 to May 1. Have quit breeding earlier. Does not do well. Our pastures are ready by April 1. Wean about Oct. 1. For a few nights keep the colts from the mares, and turn them together in the day time. Then separate entirely out of hearing. Feed colts on weaning hay and crushed oats and bran, two quarts of former to one of latter, twice a day, as soon as they will take that much. Twice a week give out hay with bran, moistened and mixed. Handle colts lightly when a year old. Have no particular method, except to be gentle and firm.

The Von Graef Medical Company, No. 3 Park Row, New York City, in 1888, made seventy-eight per cent. of cures of various diseases of men chronic and otherwise, within the time allotted for the treatment. The record of cures of diseases of women was nearly as large. This is the highest record ever achieved in this country by hospitals or private practice. In the treatment and cure of diseases, science, skill and discovery keep pace with inventions in other directions. The new book lately issued by the Von Graef Company, full of valuable hints and information to young or old, free to all who call for it or order it by mail.

John Landrigan, ex-President of the Illinois Board of Agriculture, says: "The Improved Service Record should be in the hands of every stallion owner; its convenience and methodical arrangement makes it superior to anything of the kind I ever saw." Sent by mail $1.00 each, address S. S. Record Co., 56 South Penn. St., Indianapolis, Ind.

TIPS AND TOE-WEIGHTS.

An Unnatural Position of the Foot Has Much to do With Tendon Troubles.

There is a prevailing opinion that low heels increase the strain on the tendons of the forelegs, and this is so generally entertained that it has been reiterated over and over again in arguments against the use of tips, and generally in a confident, dogmatic way that was to end the argument at once. Veterinarians are nearly unanimous in recomending that the heels be raised when an animal is suffering from a strain of the back tendon. The propriety of that treatment we shall not question, at least in this article, but attempt to show that there is less danger of "breaking down" or severe strains when the foot is low enough at the heel to allow the parts to perform their natural functions. The muscles are the main motive force in animals, and this arises from the power they possess of dilation and contraction.

A JOINT SUSCEPTIBLE TO INJURY

In some parts of the frame they act directly, in others through tendons. These are firm, compact bands or white bundles of fibres, very nearly insensibe, though the sheathing or covering is acutely sensative when there is inflammation. Miles very forcibly explains why the long shoe is bad, and if so bad the argument is still stronger for leaving the posterior part of the foot as nature made it. The high heel has the same bad effect as a long shoe, with the addition of being still worse from placing the bones in a more upright position, the baleful influence extending when the animal is not in motion. The union of the coronet, or lower pastern bone; the navicular, or shuttle bone, and the coffin, or pedal bone, forms the joint which is the most susceptible of injury of any in the frame of the horse, not even excepting that of the hock. This tendon passes under the navicular bone, resting upon the sensitive frog, an inch or more back from the point.

UNNATURAL RAISING OF THE HEEL

It is evident that if the heel is raised more than is natural the ankle will be more upright and a wrong set given to the navicular joint. And this is followed by the upper pastern bone, and again by the cannon, in order to restore the harmony of position which has been disturbed. This can only be carried as high as the knee, which is sprung forward to relieve that joint as much as possible. Therefore it is palpable that the elevation of the heel gives a wrong placing of bones, and this must exert an influence on the tendons and ligaments, which is injurious. All are aware of the exhaustion which results from keeping one position especially if that be an unusual one. The arm held at right angles from the body can only be sustained for a short time, and to stand in a rigid posture can only be endured for a few minutes. It may be that the trouble begins long before the actual injury, and the constraint arising from the abnormal placing of the feet and limbs is the commencement of the difficulty.

INJURED TENDONS TRACED TO FOOT FAULTS.

Experience has shown that in nearly every horse that has given way in the tendons there has been something wrong in the feet. Very trivial, perhaps, and only noticeable after the strictest scrutiny, yet not in a truly natural condition. A slight contraction, narrowing and hardness of that part of the frog which touches the ground, a little extra heat perceptible, apparently a trifling ailment which would be entirely overlooked by a person who was not familiar with an actually natural foot. Still if one foot was affected, that leg was the first to yield, and though a horse might break down with best of feet, the conjunction is worthy of notice. It is not necessary to enter into a minute description of the tendons of the fore leg, being sufficient to state that they are acted upon by the huge muscles which clothe the shoulder, and follow the radius until collected with the tendons near the carpus. There is a tremendous force in these massive bundles of fibres, and this power is needed to send the animal along at such a pace as the first galloper can make.

WORK OF THE FORE LEGS.

The old idea, not yet surrendered by ninety-nine in a hundred of horsemen, that all the fore legs had to do was to support the body while the hind legs propelled it through the air, is effectually exploded by the instantaneous pictures. The last supreme effort before the body is hurled through the air is made by one fore leg, and consequently there must be a corresponding energetic movement to effect the purpose. The foot has been placed on the ground nearly on a line with the nose, and the other fore leg does its part by carrying the weight along until it is under the brisket. When so far back that a verticle line from the toe will strike behind the cantle of the saddle, the grand propulsive force is applied. As the body is carried over the foot the pastern is bent until the ankle tounches the ground, and at this point the injuiry from the high heel or the long shoe comes. It is evident that the tendon which passes under the navicular bone is forced to a sharper angle, and when the contraction of the muscles acts on the cords a greater resistance is met.

When the tendon passes over a joint it has a groove to run in, this being lubricated by a mucilaginous liquid called the synovial fluid—in common parlance, joint oil. Should the cord be pressed with a greater degree of force than is necessary, it is like applying a brake to a wheel, the high heel being as effective in performing this as the Westinghouse on a railroad train.—Philadelphia Record.

Here are some well taken points from a prominent Englishman's lecture on horse breeding: "I have always held that a stallion ought not to be in show condition at the end of the season. It is detrimental to the constitution and procreative powers of the stallion to be fed up like a fat bullock in early spring, for it is seldom such an animal gets many foals for the first five or six weeks. Let any breeder put a number of mares to such a horse that is daily losing flesh, and an equal number to a stallion that has been worked in the team. The latter will not only leave his mares in foal from the first, but will thrive and improve and he is in better condition at the end of the season than at the commencement and the chances are he will leave 30 per cent. more foals, and, given that the animals are equally well-bred, the stock of the latter will come with more muscular power and hardier constitutions. If this be the case with the earlier date, I hold it to be a suicidal policy to continue the overfeeding during the season for the sake of winning a prize at the summer shows."

2:21¼-MAPLEWOOD FARM STALLIONS '89-2:23¼.

REVEILLE 1472,

RECORD 2 21 3-4. Half-Mile Track Record '22¼. TRIAL 2:18 3-4.

Winner of 19 Races and 30 Heats in 2:30 and Better. Sire of

HARRY WADE, foaled June 25, 1886, 2-year-old record 2:37½, winner of the 2-year-old Stakes at Cleveland, Ohio, Sept. 1888; open to Ohio, Pennsylvania and Michigan Time—2:38, 2:39, 2 37¼. Trotted the last half of the third heat in 1:14¼, and the last quarter in 36 seconds, a 2:24 gait; was worked only 17 weeks, including breaking. SIR THORNTON, 2-year-old trial 2:32, on half-mile track. LINNETTE, 2-year-old trial 2:56, last quarter in 40 seconds. REEL, 2-year-old trial, half-mile, 1:23½. ROBIN GRAY, 2-year-old trial, ½-mile, 1:25—third time on a track. All in 1888 and includes every 2-year-old by Reveille that was handled.

SIRED BY **NEW YORK** 524,

Sire of Georgie W. 2:23¼; Novelty, 3 years old, 2:25¾; Hattie P. 2:29¾, etc., son of Hambletonian 10 and Lady Finch by Harry Clay 45 (dam of Gilroy 2:28¾; and Haw Patch, sire of Eros, 2.29, Teaser D., 2:30),

1st dam FLEET by Kearsarge 192, son of the great sire of extreme speed, Volunteer 55 and the famous Clara (dam of Dexter 2:17¼; Almont 2:28½; Astoria 2:29¾; and Dictator, sire of Jay-Eye-See 2:10, Phallas 2:13¾ Director 2:17, etc.), by American Star 14, sire of the dams of Guy 2:12, Robert McGregor 2:17½ and 41 others from 2 17¾ to 2:30.

2d dam JESSIE (sister to Bristort 2:21¾) by the greatest sire of campaigners Volunteer, sire of St. Julien 2:11¾ and 23 others with records from 2:17 to 2:30.

3d dam by Mambrino Chief 11, sire of Lady Thorn, record 2:18¼, etc.

REVEILLE is a dark bay, with white hind ankles, a horse of immense substance and power, coupled with elegance of form and very high finish, is very strong boned and his feet and limbs are perfect. His action is smooth, even and as near perfection as can be. Reveille has thoroughly demonstrated his qualities as a trotter and racehorse by winning 19 races and 30 heats in 2:30 and better mostly over slow half-mile tracks; getting a record of 2:21¼, a half-mile track record of 2:22¼, and an authenticated trial of 2:18¾. REVEILLE is bred in the most fashionable and winning lines. He has three crosses of the great Hambletonian blood through great speed-producing branches of the family. His sire is of the ultra fashionable Hambletonian-Harry Clay combination. The sire of his dam Kearsarge is by Volunteer, the greatest sire of campaigners that ever lived and out of one of the greatest broodmares the world has produced, Clara (dam of Dexter, Dictator, etc.) by American Star. Reveille's grand dam is by Volunteer, and his great grand dam by Mambrino Chief, founder of the great Mambrino family. REVEILLE'S colts are of good size, very stylish and good disposition. He transmits to them, with wonderful uniformity, his elegance of form and finish, strong bone, great muscular development, perfect trotting action and great speed.

TERMS, $50 THE SEASON, with return privilege.

GOLD LEAF 6070, 5-Year-Old Record 2:23¼.

By **NUGGET 1398**, record 2:26¾ (sire of Nettle Leaf, 4 yrs, 2:23¼; Newton, 4 yrs, 2:28½) son of Wedgewood 2:19 and Minerva (dam of Meander 2:26½ and Egmont, sire of 5 in 2:30) by Pilot Jr 12.

First dam MAPLE LEAF by New York 524. Second dam Starlight [dam of Maud 2:29¾; Maplewood 2:40; Marie, 3-year-old trial 2:30; Mabel, trial to pole 2:30; Mischief, trial 2:28; Bertha (dam of Delegate 2:27¾), and Maple Leaf (dam of Gold Leaf 2:23¼] by American Star 14, sire of dams of Guy 2:12, Dexter 2:17¼, etc. Third dam by Beak's Wildair (grandsire ofdam of Driver 2:19½) son of Conklin's Gray Messenger by Imported Messenger.

GOLD LEAF is a dark brown, with black points, foaled June 29, 1883; bred at Maplewood Farm. He is a very smooth made, speedy formed, finely finished horse, strong boned and one of the best muscled horses ever seen. His blood combines every fashionable cross of the present day. He has two crosses of Hambletonian, two of Mambrino Chief and one each of Sayer's Harry Clay, American Star and Pilot Jr. He is a natural trotters with a wonderfully clean and frictionless way of going which enables him to go very fast without apparent effort.

Last year after recovering from a very severe attack of distemper he made a season in the stud to 31 mares, closing July 1, after which he was put in training, and starting without any record, won three races in straight heats; made a record of 2:23¼ and won six heats better than 2:27¾. **Limited to 25 mares at $50 the Season with return privilege.**

'89-WOODSIDE STALLIONS-'89

HAW PATCH, 1140.

Sire of Eros 2:29 [with only 60 days handling]; Teaser D., 2:30; Silvio 2:34¼; Robert L. [4-year-old trial] 2:28½; John G. 2:45; 3-year-old filly 2:41 [over half-mile track]; Garth [3-year-old trial, half mile track] 2:45; Chona, 2 year-old record 2:59¼, [could beat 2:30 at 3 years old; died the property of Gus Glidden]; Tampo [2-year-old trial] 2:59, and many other youngsters very fast and very promising.

SIRED BY **HAMBLETONIAN 10**;

Dam LADY FINCH, by Harry Clay 45, [dam of Gilroy, 2:28¾, obtained at 18 years of age after a life in the stud; dam of New York 524, trial 2:23, sire of Reveille 2:21, and others better than 2:30.

2d dam MIRINDA, by Prince Duroc, son of Messenger Duroc, 106.

3d dam a thoroughbred race mare, specific breeding untraced.

HAW PATCH is a brother in blood to the great Geo. Wilkes. Victor Von Bismarck and Electioneer, only two of which are in public service and at very high figures, Bismarck's books for 1889 being full at $3 0 and when he went to Kentucky at a more advanced age than that of HAWPATCH, he had no representative in the 2:30 class.

HAW PATCH is a wonderful and uniform producer of speed, and that too from all classes of mares. Mr. W. W. Latta, from whom we purchased him and who owned him for 12 years, gives it as his opinion that he never sired a colt that could not have been 3:90, and we speak knowingly when we say that all told he never had to exceed 15 of his progeny worked for speed and probably half of these by persons wholly incompetent. Messrs. Latta Boos. devoted their attention to breeding and not to training; selling most of their produce young and for stock purposes. This positively embraces the entire opportunities of his career for building a reputation as a producer of speed.

HAW PATCH is the last of his line, being the youngest son, by 4 years, by Hambletonian 10, and out of a mare by Harry Clay 45. This is the greatest producing blood in the world, to prove which we only need to cite the great sires mentioned above and we are pleased to state to the general breeding public that the most intelligent and successful breeders of the country are showing their regard for the blood and grand individual qualities of this surely coming sire by booking quite a number of their most fashionably bred mares to him for 1889.

HAW PATCH himself is grandly gaited, and though never handled for speed, can show a 2:35 gait by nature. He is handsome, his conformation is smooth and symetrical but indicates great strength in every point.

Positively limited to 30 approved outside mares at $100 THE SEASON with usual return privilege.

SOUTHWARD 7469

Blood bay, with white hind ankles, very handsome and stylish and very fast.

SIRED BY **ONWARD**, sire of 16 in the 2:30 list.

Dam ADMIRATION by Mambrino Patchen, public trial 2:33; second dam JENNIE by Mambrino Whalebone; 3d dam Old Mollie by Tom Crowder, son of Pacing Pilot, sire of Pilot Jr.; 4th dam by a son of Hancock's Hambletonian.

Wilkes.

INTEREST 6344

By LYLE WILKES 4658, by George Wilkes, sire of Mattie Wilkes 2:30, and Danville Wilkes 2:34¾, who sired Sally Vagin 2:28.

Dam Clipper by Coaster 2:26¼, he by Caliban, sire of C. F. Clay 2:18.

2d dam by McDonald's Mambrino Chief, sire of Catherine 2:28¼, by old Mambrino Chief.

The breeding of this horse is entitled to extra consideration, as he makes four direct crosses with the very best trotting families known. He is a very uniform breeder. His colts are large and have great trotting action.

Lyle Wilkes was bought last month at W. T. Woodard's sale, by G. & C. P. Cecil for $6,500, and taken to Danville, Ky., where most of his colts are owned, and their extraordinary promise was the inducement for these large breeders to buy him.

Morgan.

BEN ADHEM.

BY BEN FRANKLIN 2:29, recognized to be the best son of Daniel Lambert, who is the sire of 31 trotters in the 2:30 class and is considered the greatest living sire of trotters. First dam Lady Rogers, by Len Rogers 2:30½, sire of Stonewall Jackson, who got Baby Mine 2:27¼, he by Telegraph, son of Vermont Black Hawk. Second dam by Green Mountain Tiger by Gifford Morgan (the progenitor of the great trotting family of Gold Dusts) by Woodbury, by Justin Morgan.

Here is an inbred Morgan, a handsome black with size, style, speed and substance; has never been handled for speed, but his natural gait is an assurance that he will beat 2:30 before the season closes as he was driven a half to road cart in 1:16 without preparation. Will be kept the first three days of each week at Oakland Stock Farm, Montpelier, Ind.; the balance of the week at Camden, Ind.

These horses will be allowed to serve a limited number of approved mares at **$25 Each** to Insure a colt, and will be developed as soon as the season closes. Those who are looking for the blood of great trotting families, will find it in these horses, and at reasonable prices.

Address, T. C. NEAL, Montpelier, Ind., or Morgan Horse Co., Pennville, Ind.

Will serve mares at **$25 the Season.**

Some Good Fillies For Sale.

F. M. DEWEESE, CHILLICOTHE, OHIO.

VIKING 1843.

Dark brown stallion, 16 hands high.

SIRED BY EGBERT 11.

Dam CUT by BRIGNOLL Second dam [CROP by PILOT Jr, sire of the dams of Maud S. 2:08¾, and Jay-Eye-See 2:10.

The records show Viking one of the best bred horses in America. He will make the season from April 1st July 25th, at $25 TO INSURE a mare in foal. Money due when the mare is known to be in foal.

Mares kept at reasonable prices. WILLOW BROOK FARM, three miles north of Waverly, Morgan county, Ind.

E. A. OLLEMAN & SON.

Artemus 1793.

TRIAL 2:25½, AND SIRE OF

Green Girl, record.....2:21¼, S. W. C. record.....2:27. Addie B, record 2:30¼

By Hambletonian 10.

Dam DOLLY MILLS (dam of Orange Girl, record 2:20, and of 3 stallio that have trotters with records better than 2:30) by American Star 14.

ARTEMUS was got by the greatest progenitor of trotters ever foaled, is out of a mare that is recorded as one of the most successful producers of trotting speed, "is a trotter himself and a sire of trotters," and stands at a lower service fee than any other son of Hambletonian that has placed as many as two in the 2:30 list.

TERMS—**$40 to insure** a mare in foal. Mares from a distance kept at $2.50 per month. Mares transferred or not regularly returned will be held responsible for insurance. No business ransacted on Sunday.

W. B. LEGG, RALEIGH, IND.

IN-BRED BLACK HAWK MORGAN STALLION,

Jubilee Chief 10,494,

By JUBILEE LAMBERT 518, RECORD 2:25.

Dam BESSIE HUTCHISON by Crown Chief 4089, sire of Rowland 2:28.
2d dam KITE, by Indian Chief 832, [sire of Warrior 2:25, Lady de Jornette 2:28] son of Blood's Black Hawk, by Black Hawk 5.
Jubilee Lambert 2:25 by the famous Daniel Lambert, sire of 33 in the 2:30 list; dam Harvey mare by Taft Horse.

JUBILEE CHIEF 10,494 [formerly named Lambert] is a dark brown, 16 hands high, and in full flesh will weigh 1250 pounds, very stylish, pure gaited, and in his first race, and first full mile ever trotted, was timed as a close second in 2:43. He was be handled at the close of the season and given a fast record.

TERMS—**$25,** one-half due at time of service, the other half when a colt stands and sucks.

I. W. STANTON & SON, Carmel, Ind.

The Merits of the Trotter Can Best be Determined by Public Performance.

ASHLAND PARK,

The Home of High-Bred Trotters!

Stallions in Service For The Season of 1889.

FAYETTE WILKES 2306.

[TRIAL OCT. 9, 1886, 2:23½]

Bay horse, 15 hands 3 inches high, foaled May 3, 1878. The handsomest son of his great sire.

SIRED BY **GEORGE WILKES** RECORD 2:22.

Sire of Harry Wilkes, 2:13½; Guy Wilkes 2:15¼; Mike Wilkes, pacer, 2:15¾, Wilson 2:16¼; So-So 2:17½; Wilcox, pacer, 2:17¾; Rosa Wilkes 2:18¾; Wilton 2:19¼; Joe Bunker 2:19¼; Flora Wilkes, pacer, 2:19¾; Tom Rogers 2:20, etc.

First dam Sally Hamlet (winner of 2-year-old Hamlet Stakes in 1875) by Hamlet (sire of Loretta F. 2:19; A. V. Pantlind 2:20¼; Truro, pacer, 2:22¾; Lady M. 2:23; Leontine 2:23½; Brookside Flora 2:29, and the dams of Thornless 2:22; Cyclone 2:22¼; Granby 2:23½; Graceful 2:25½, and Hamletta 2:29½).

Second dam Sal (dam of Coaster 2:25¾; Captain Clay, Driftwood and grandam of Marlowe, pacer, 2:15) by Canadian Chief, sire of dams of Governor 2 30, and Joe Hooker, sire of Maud Macey 2:17¾, etc.

Third dam (the dam of Sofe, that produced Blanche 2:25¾) by imp Yorkshire, sire of dam of Ashland Chief, sire of Black Cloud 2:17¼.

Fourth dam by Woodpecker, thoroughbred, sire of Prince 2:27½, ten miles in 28:08¾.

The fee of Fayette Wilkes is within the reach of all, and lower than that of any horse of equal merit in Kentucky. **SEASON, $100.**

MACEY'S HAMBLETONIAN 1582

Formerly THOMAS K. 1582. Breeders' record 2:30. Bay horse, 15 hands 3 inches high, foaled 1874; bred by Robert Bonner. (Sire of Bosque Bonita, 3-year-old record 2:26¼, champion record for 3-year-olds over half-mile track. Sold for $7,500).

SIRED BY **EDWARD EVERETT, 81.**

Sire of Judge Fullerton 2:18, Electric 2:20; Sheridan 2:20¼; Mountain Boy 2:2 ¾; Young Fullerton 2:20¾; Hambrino 2:21¼, and 6 more with records better than 2:30.

First dam Ruth, by Rysdyk's Hambletonian sire of the dams of Trinket 2:14, Stamboul 2:14¾, Duquesne 2:17¾, Orange Boy 2:18¾, Wilton 2:19¼, Ruby 2:19½, Princeton 2:19¾, Albert France 2:20¼, Amy 2:20¼, Governor Sprague 2:21½, etc.

Second dam Lady Drummond 2:28, bred in Canada.

VERSAILLES, Ky., Feb. 7.—B. R. Treacy, Esq. We trained but five of Macey Hambletonian's get, and they were Bosque Bonita 2 26¼, trial 2:22, a 4-year-old gelding belonging to E. H. Taylor of Frankfort, that trotted a full mile in 2 29; a 4-year-old gelding belonging to Henry Childers that trotted in 2:31; a 4-year-old belonging to Asa Spahr, Clark County that trotted a ½-mile in 1:18, and he sold him to Mr. Bragg, Cincinnati, for $1,100, and a 3-year-old filly belonging to Mr. Sweeney that trotted in 2:33. MACEY BROS.

He also sired Moss Rose, who trotted a mile in public last fall in 2:27, as a 4-year-old, and Oscar G. (4) that trotted a ½-mile in 1:12. Macey's Hambletonian will make the **Season at $100.**

WOODFORD ABDALLAH 1654,

TRIAL 2:29,

Sire of Kenilworth, 2:18¼ in 4th heat, and Wilshire 2:26½.

Seal brown horse, tan flank and muzzle, black points, 16¼ hands high, foaled 1872; bred at Woodburn Farm.

SIRED BY **WOODFORD MAMBRINO** 2:21¼.

Sire of Abbotsford, 2:19¼, Mambrino Dudley 2:19¾; Pancoast 2:21¾; Convoy 2:22¾, etc.

First dam Cracovienne by Alexander's Abdallah, sire of Goldsmith Maid 2:14, Rosalind 2:21¾, Thorndale 2:24¼, Maj. Edsall 2:29, St. Elmo 2:30, and the dams of Jerome Eddy 2:16¼, Favonia 2 15.

Second dam by Cracker, son of Boston, sire of grandam of Maud S. 2:08¾, Nutwood 2:18¾, and Cora Belmont 2:24½.

Third dam Mavis (grandam of Balsora, sire of Kentuckian 2:26¼, and dam of Balsora Wilkes 2:17¼) by Wagner, whose son, Gough's Wagner, got the dam of Fanny Witherspoon 2:16¾.

Fourth dam by Medoc, sire of the dam of John Morgan 2:21.

With his breeding, Woodford Abdallah is a trotter, and has trotted my track in 2:31½, and repeated in 2:29. Like him, his colts are large and shapely. Two of his get have records: Kenilworth, 2:18¾, and Wilshire 2:26½. Miss Wood, as a 4-year-old, trotted a mile out in 2:27, quarters in 35½ seconds. These are the only ones that, to my knowledge, have been trained. **Season, $100.**

Mares bred by the season, not proving in foal, have the usual privilege of return. I breed sound, highly-finished trotters, and have for sale high bred colts and fillies, out of producing dams, by a greater number of prominent sires, than any farm in the land. For sale at prices based on actual individual merit. For further information see the catalogues, which are a remarkable contribution to the trotting turf history of the country, and can be had on application to

☞CORRESPONDENCE SOLICITED.☜

ABDALLAH PARK POCKET STALLION SERVICE BOOK.

The many years experience in managing stallions has taught me that a book for pocket use gotten up on a plain and simple plan was much needed, but until now I have been unable to get it arranged so that I can say to the public that it is perfect This book contains 100 pages and in my opinion the only one of the kind that will ever become generally useful to all owners of stallions, for it is simple in its arrangements and yet will contain all information needed in the business. Will send by mail on receipt of **$1 00.**

Address, W. H. WILSON, Abdallah Park, Cynthiana, Ky.

ANTERES, 1-YEAR-OLD TRIAL, QUARTER	0:40

Columbine was bred by Joseph Cairn Simpson, of San Francisco, Cal.; now owned by Senator Leland Stanford, of California. She is one of the great brood mares, and the only one that has ever produced two stallions with records better than 2:20.

1st dam COLUMBINE, by A. W. Richmond, sire of Romero, 2.19; Len Rose, 2:27¼; Arrow, pacer, 4 yr-o, 2:14, fastest to date.
2d dam COLUMBIA, by imported Bonnie Scotland, sire of Scotland, 2:22½, and Dan Donaldson, 2:24¾.
3d dam YOUNG FASHION, by imported Monarch, grandsire of Monarch, Jr., 2:24¼, Monarch Rule, 2:24¼.
4th dam the great FASHION, by imported Trustee, sire of Trustee, twenty-mile record, 59:35¼.
For continuation of pedigree see Bruce's American Stud Book.

DESCRIPTION.

[ANTEROS is as handsome as could be desired; in color, a rich seal brown, with a little white on hind feet above coronet. He is 15¾ hands high, and weighs 1050. He is a colt of immense power, and yet so highly finished as to give him the appearance of a thoroughbred. He gives promise of trotting as fast as his celebrated brothers, and had it not been for an accident would have already shown the family capacity. Mr. Marvin drove him when a yearling quarters in 40 seconds. The injury came from jumping a fence and hurting his stifle, which necessitated throwing him of training.]

Terms, $100 the Season, with return privilege.
LIMITED TO 50 MARES.

M. S. CLAGWOOL, Muncie, Indiana.

Red Wilkes Blood.

CLARK STREET 9197

SIRED BY THE GREAT RED WILKES.

Sire of the invincible PRINCE WILKES 2:14¾. the Champion in the free-for-all class last season. Also the Demon youngster REPETITION, who captured the 3-year old stake at Lexington 2:21—each preceeding heat being faster; his owner in the Kentucky Stockman, says: "He could have reeled the last mile off in 2:17. RED WILKES was foaled in 1874 and has to his credit 20 in the '30 class and well worthy of being called George Wilkes' greatest son.

First dam LAHUNTA by Jim Monroe 835, sire of Monroe Chief 2:18¼ and others, by Alexander's Abdallah. LAHUNTA, although but 6 years old has proven herself a wonderful broodmare. Second dam Hannah C. by Blue Bull 75, sire of 60 performers in the 2:30 class. Hannah C. showed a mile in 2:50 when a 3-year-old, with a few days handling, but met with accident and retired from the track. Third dam Black Kate by Christie's Whip, thoroughbred.

CLARK STREET is a beautiful blood bay, 15¾ hands high, white points, weighs 1100 pounds in his now 3-year-old form; has a splendid bone and foot; his action is faultless, sound and without a blemish, was pronounced by three expert judges to be one of the grandest individuals ever seen. Through his veins flow the blood of four of the greatest speed-producing families the world has ever produced—GEORGE WILKES, MAMBRINO CHIEF, ALEXANDER'S ABDALLAH and the mighty BLUE BULL.

CLARK STREET is almost a counterpart in action and gait to his half-brother Prince Wilkes, the conqueror of Patron, Clingstone and Rosalind Wilkes, and a sure born trotter, barring accidents. WILL MAKE A SHORT SEASON AT **Rushville, Ind.,** BEGINNING MARCH 15, CONTINUING UNTIL JULY 1, '89. LIMITED TO TWENTY WELL APPROVED MARES AT **$50 THE SEASON** with usual privilege; payable at time of Service. BRED AND OWNED BY

JOHN A. GRAY. Rushville, Indiana.

1889. Dresaldean Stud. 1889.

CHARLESTON, ILLS.

LIGHTHEART 3101,

(Trial in stud condition, quarter in 36 seconds, mile in 2:38.)

Sired by CUYLER 100, sire of ELVIRA record 2:18½, CHANTER record 2:23¾, and eight others in the 2:30 list, By HAMBLETONIAN 10.

Dam Moss Rose [dam of Wellington 2:33¼, grandam of Glenview Belle 2:30 at 2 years old] by Woodford Mambrino 2:21¼; 2d dam Primrose [dam of Binderton 2:35; Qchi Ban 2:38; Pagan 2:38; Rosebush 2:32½, dam of Chichester 2:25½; Maxim 2:41, sire of Ida D. 2:27½; Princeps, sire of Trinket 2:14; Pluto, sire of Blue Wing 2:27; Abdalbrino, sire of Altar 2:24½; Parmenus, sire of Daisy D. 2:30] by Alexander's Abdallah. Third dam the famous old Black Rose [dam of six fast trotters and grandam of nineteen fast ones] by Tom Tesmer.

LIGHTHEART was bred by the late J. C. McFerran, Glenview Farm, Louisville, Ky. He is a black horse, 16 hands high, weighs 1200 pounds, very highly finished, a very sure foal getter, and where is a more grandly bred one? With limited apportunities; has two colts that have trotted in 2:35 and he is the sire of the dam of Don Pe 2:39¼, trial 2:28½ at 2 years old.

TERMS, $25 CASH THE SEASON, OR $40 TO INSURE.

ALMANUS 5879,

Sired by PILOT MAMBRINO 515, RECORD 2:35, PUBLIC TRIAL 2:26¾, sire of John Henry 2:29¼, by Pilot Jr., and out of the great mare Indiana, dam of Indianapolis 2:21, by Mambrino Chief. First dam Allie M., 3-year-old trial 2:50, by St. Almo, sire of Maggie C., 2:29¾, son of Almont 33. Second dam Sada Belle, dam of John Henry 2:29¾, by Stark's Morgan. Third dam Maggie, dam of Lulu, 3-year-old record 2:38, by Young's Morgan, son of Butler's Eureka [sire of both sire and dam of Champion Jr., 2:21] by Long Island Black Hawk 24.

In ALMANUS we have two close crosses to Pilot Jr. the greatest of all bro dmare blo d; two crosses to Hambletonian 10, and three to Mambrino Chief—all through great individuals. He is a beautiful dark dapple bay, 15¾ hands high, weighs 1000 pounds, and of superb finish, great style, courage, gameness and speed. TERMS, $25 TO INSURE.

Gamarza Wilkes 9125.

BY GAMBETTA WILKES 2:26; DAM BY RED WILKES 2:40. PRIVATE STALLION.

DRESALDEAN PLACE is admirably adapted to the care of breeding stock. Mares from a distance will receive the best of care at reasonable rates.

Adress, **Dr. J. W. NEAL,** DRESLDEAN PLACE, CHARLESTON, ILL.

PRETENDER 1354,

Trial 2:24.

BY DICTATOR 113 (sire of Jay-Eye-See 2:10, Phallas 2:13¾, Director 2:17, and 14 others from 2:18 to 2:20; first dam Winona (two of whose fillies untrained sold for $4800) by Almont; second dam the famous Dolly [dam of Director 2:17, Thorndale 2:22¾, Onward 2:25¼) by Mambrino Chief 11 [sire of Lady Thorn 2:18¾, Woodford Mambrino 2:21½]; 3d dam Fanny [grandam of Lady Majolica 2:25, and Abdallah Mambrino, (sire of Geneva S. 2:19¼ and Betty Jones 2:28½] by Ben Franklin.

PRETENDER is jet black, stands full 15½ hands high. In appearance he is very attractive, with frictionless gait and a very high rate of speed. At the Breeders' Meeting in Lexington, in 1888, he was led an EXHIBITION QUARTER IN 35½ SECONDS, and in 1887 he worked a mile to harness in 2:24, both performances after heavy seasons, and both were done so easily that they more than convinced all who saw them that Pretender was a trotter of the highest order. His colts are showing up well, and we are induced to believe that a number of them will go fast this season.

Terms—$50 the season, payable before removal of Mare.

Mares failing to prove in foal may be returned free, if horse is in our possession. Season from Feb. 1st to July 1st, 1889. Mares from a distance received at depot or boat free of charge. Mares on grass, $1 per week; on grain, $2; by the year, $60. Accidents or escapes at owner's risk. Stock shown with pleasure any day, except Sunday.

S. BLACK & SON, Silver Lake Stock Farm, FRANKFORT, KY.

Dam DOLLY MILLS (dam of Orange Girl, record 2:20) by AMERICAN STAR, sire of Pat Bruen 2:24, Columbus Hambletonian 2:26, Charlie D. 2:27, Big Wonder 2:28, Gannymede 2:19¼, Gen. Green 2:30¼, Nelly 2:32, Lizzie Perkins 2:23, Frank S. 2:33½, Contractor 2:34, etc. His son Contractor 2:34, sired Dr. West 2:17¼, Rebate 2:30¾.

He is certainly the most desirable horse standing for public service at his fee. SEND FOR CIRCULAR.

TERMS—$40 TO INSURE a mare in foal. To be settled by note, or cash, at time servive. Positively no deviation from the above. Mares kept on grass $1 per week. Grain fed at $2 per week. They will have same care and attention as our own. Accidents or escapes at owner's risk.

Kewanna is on the T. H. & L. R. R., twenty miles north of Logansport, and fifty miles south of South Bend, Ind.

A. T. JACKSON, Kewanna, Fulton county, Ind.

CALIFORNIA, 4132.

Full brother to Alcazar, 2.20½; Sweetheart, 3-year-old, 2.22½; Eva, 2-year-old, 2.26; half-brother to Beautiful Bells, 2.20½; dam of St. Bel, 2.24½; Bell Boy, 2.19¼, etc.

By SULTAN, 1513,

Foaled 1875; record, 2.24; sire of Stamboul, 6-year-old, 2.14¾, and sixteen others under 2.30. Stamboul sired Visalia, 2-year-old, 2.20½.

1st dam, MINNEHAHA, Dam of four under 2.30, all trot early and fast; also dam of the great brood mare, Beautiful Bells, who is dam of St. Bel, Bell Boy, Hinda Rose, Chimes, Palo Alto, and a weanling that sold for $12,000.

CALIFORNIA'S 2d dam, Nettie Clay, by Cassius M. Clay, Jr., 2d dam, Col. Morgan, mare, by Abdallah 1; 4th, by Engineer II, 3, sire of Lady Suffolk, 2.26½ (in 1844), and grandsire of Messenger.

CALIFORNIA'S oldest are two this Spring. His colts show size, style, high finish, good substance, and give great promise of early and extreme speed; they have an easy, well balanced gait, trot all the time, and have the pleasant feature of selling readily at good prices. They are all alike, the same handsome form, good substance and superb action. They are all surprising little trotters. He breeds with unusual uniformity. **Fee, $75 Season,** *with return privilege.*

ERELONG, 1141.

Sire of So-Long, 2.27¾, trial, 2.19¾; Fannette, 3-year-old, 2.32, and 3-year-old trial, 2.25. The only two colts of his ever trained. He is full brother to Erin, 2.27 and half brother to Evermond, 2.24¼.

By BELMONT, 64,

Sire of NUTWOOD, 2.18¾, who sired Woodnut, 2.16¾, and twenty-four others, 2.30 and under; also WEDGEWOOD, 2.19, sire of Favonia, 2.15, etc., etc., also NIL DESPERANDUM, 2.24, sire of DeBarry, 2.19¾, etc.

Belmont is the sire of fifteen other producing sons. Twelve with records under 2.30 are out of Belmont mares. Abutilon, by Belmont, is the dam of Combat, who sired Brown, 2.18, and Williams, 2.20½.

1st dam, EVENTIDE, (by **Wooford Mambrino,** 345), Dam of Erin, 2.27, Evermond, 2.24¼, Erelong, sire of So-Long, 2.27¼, Fannette, 3-year-old, 2.32.

2d dam, VARA, (by **Hambletonian,** 10), Dam of Vatican, 2.29½, sire of Belle Vara, yearling record, 2.38 (the fastest in a race); also dam of Vakeel, 4-year-old trial, 2.33¾.

3d dam, VENUS, (by **American Star,** 14), Grandam of Vasco, sire of Ed. Rosewater, 2-year-old, pacing record, 2.20½, the fastest. Vasco's dam is by Belmont.

This young horse is siring speed. He has few colts old enough yet, but his young ones are very promising and show the splendid form, great substance and excellent action of their sire. They will trot fast and produce speed. Erelong is royally bred and a great individual. **Fee, $40 Season,** *with return privilege.*

BREED TO STALLIONS WHOSE GET ARE SOUGHT AFTER.

On the farm are also **NUTMEG,** 5-year-old record, 2.25, by NUTWOOD, 600; American Clay 34 and thoroughbred dams. **SPRAGUE PILOT,** record 2.24 (4th heat), by Gov. SPRAGUE, 444; Pilot, Jr., blood and thoroughbred dams. **TACKS,** 3-year-old record, 2.47, by Egbert, 1136, 1st dam by Howard's Mambrino, 3656, son of Mambrino Chief, 11, 2d dam is the dam of Jewett, 3-year-old record 2.22½, and Catherine 2.28.

EVERGREEN STOCK FARM.

Breeders of STANDARD-BRED TROTTING STOCK,
And Imported French Coach and Norman Horses.

Vandalia 5055,

Bay; foaled May 10, 1884, bred by the late Col. R. West, of Lexington, Ky.

BY DICTATOR 113.

First dam **Julia Patchen**.....by Mambrino Patchen 58.
Second dam **Julia**.....by Crockett Bellfounder.

VANDALIA is full 16 hands high, bay, with black points and white hind feet, weighs 1250 lbs., and from his close resemblance to his illustrious geandsire, Hambletonian 10, is pronounced the purest type his magnificent gait, style and action, together with his great bone and substance, shows you at once that as a horse he has no superiors and but few equals. He is a sure foal getter and breedes after himself in every particular.

Mares kept on good bluegrass pasture at $3 per month. All care taken to prevent accidents but should any occur they will be at the owner's risk.

$50 The Season with return privilege.

JUDY BROTHERS, Attica, Ind.

MARK KING 7518,

In-bred to the Great GEORGE WILKES.

Sired by THE KING, Record 2:29 1-4.

Dam by ZACARIAH, son of George Wilkes, record 2:22.
Second dam by Edward Everett, sire of Judge Fullerton, record 2:18.
Third dam by Abdallah 2d, son of Old Abdallah, sire of Hambletonian 10.
Fourth dam by Long Island Black Hawk.

Was there ever a more richly bred trotter? And he is as fine as his breeding. Will be allowed 12 approved mares. Season to commence February 1st and end April 15th, when he will be put in training and driven for a record.

Terms—$50 the season—usual privilege of return.

Apply to DAN DRINKWORTH, FAIR GROUNDS, INDIANAPOLIS.

Mersburg 2433

BY WEDGEWOOD 2:19,
Sire of Favonia 2:15.

MERSBURG is a brother in blood to Favonia. The dams of both horses are by Alexander's Abdallah, who singly and alone has through his issue more 2:20 and better performers than all the other sons of Hambletonian 10 combined. The grand dams of Mersburg are Woodbine and Black Rose. The dams of better than 2:20 flyers are the dams of great sires. **$50 to Insure.**

ARISTOS, JR., 2848,

Record 23¼, Fourth Heat.

ARISTOS, JR., by ARISTOS 771, record 2:27¾, by DANIEL LAMBERT 102, by ETHAN ALLEN, by HILL'S BLACK HAWK 5, by SHERMAN MORGAN, by JUSTIN MORGAN.
First dam Annie Marshall, by Daniel Lambert 102; 2d dam by Roger's Young Messenger; 3d dam by Young Sir Charles, by Sir Charles, by Duroc, by imported Diomed.

ARISTOS, JR., is a seal brown stallion. star, white on inside hind coronets, 16 hands, powerful muscular development, with fine mane and tail, weighs 1150 lbs., a natural trotter, and goes without weights or boots. He made his record of 2:34¼ over a poor half-mile track, in 30 days after the close of the season, and the time is no measure of his speed, as he trotted a half-mile over Lebanon track in 1:09, the last quarter in 33 seconds. He is the sire of T. J. Treadaway, trial 2:18, record 2:28¼, and other promising colts. Daniel Lambert stands at the head of living sires, having 32 sons and daughters with records of 2:30 or better. Aristos, the sire of Aristos Jr., is the sire of H. B. Winship 2:06 with mate, 2:21¼ to harness. ARISTOS JR. cannot fail to sire trotters and elegant road horses when coupled with good mares.

TERMS—$25 THE SEASON, with return privilege, payable at time of service.

EDGEMARK, three years old	2:21
ESCAPE, four years old	2:26½
KENTUCKY HAMBLETONIAN	2:27
LAST CHANCE, three-year-old	2:28¾

1st dam **Kitty** by Forrest Clay, by Gould's Clay, by Neave's Cassius M. Clay, dam by Edwin Forrest 49.

2d dam Kitty Forrest by Edwin Forrest Jr. 3d dam thoroughbred.

VICTOR VON BISMARCK is bred in the same blood lines as Electioneer and George Wilkes, and like those renowned horses is universally recognized as head and front of speed producing sires. He is by the great Hambletonian 10, dam Hattie Wood [dam of Gazelle 2:21, Idol 44, Louis Napoleon, etc.] by Harry Clay. His get are bringing the very highest prices in the market as evidenced by the recent sale of Edgemark for $16,00, Blue Grass Hambletonian $10,000, and others held at equally high prices.

PRINCE BISMARCK will make the season, one mile north of CONNERSVILLE, IND., at **$50 the season,** with usual privelege of return.

S. A. BROWNE & CO., Kalamazoo Stock Farm, KALAMAZOO, MICH.

COMMONEER 9522,

Full Brother in Blood to SUNOL, Record 2:18,

BY ELECTIONEER 125,

Sire of 11 in the '20 or Better.

Sire of Thirty-nine in '30 or Better.

First Dam Mollie Cobb by Gen. Benton 1755.

Sire of dam of SUNOL, 2:18, sire of SALLIE BENTON, 2:17¾, and 10 others in 2:30 list.

2d dam American Girl by Toronto Sontag 309.

Sire of TORONTO CHIEF 85, and famous mare SONTAG, wagon record 2:31.

3d dam Laura Keene by Hambletonian 10.

COMMONEER is a dark brown stallion, with both hind ankles white; large, very strong-boned, immense substance, powerfully muscled, and with it all very finely finished. His first dam has no other colt. His second dam, American Girl, has produced Bertha, 3-year-old trial over Palo Alto track 2:26, last quarter in 34 seconds. Also, Argo, matinee record over Fashion Stock Farm track 2:30. Also, bay colt, by Piedmont, 3-year-old trial 2:30 over Bay District track. Commoner is a horse of great natural speed. With three weeks' training last spring he trotted a quarter in 40 seconds, but has had no work since coming East. Every colt with the Electioneer—Benton cross is a natural trotter, and has plenty of size and substance.

TERMS--$100 THE SEASON.

FISHER'S SWITCH, (12 miles North of Indianapolis) IND.

BEARDSLEY, No. 2829,

Cheapest Service Fee of any Stallion in the State, Considering Breeding and Individuality.

Bay stallion, 16 hands high, black points, foaled May 9, 1882; bred by Charles Backman, Stony Ford, Orange county, New York.

By Messenger Duroc 106, son of Rysdyk's Hambletonian 10.

1st dam PROLIFIC, by Electioneer 125, son of Hambletonian 10.
2d dam LADY CURRIE by imported Tom Crib.
3d dam Curry Abdallah Mare, by Abdallah 1.
4th dam by imported Bellfounder.
5th dam Royalist, son of Commander.
6 h dam Hardware, son of imported Messenger.

Messenger Duroc, the sire of BEARDSLEY, is the sire of Elaine 2:20, Prospero 2:20, Dame Trot 2:22, Charley Champlin 2:21¾, and 11 other trotters with records of 2:30 and better.

Electioneer, the sire of Beardsley's dam, stands at the head of sires of 2:30 trotters, having ten with records ranging from 2:16 to 2:20, and 28 more better than 2:30. Electioneer gets extreme speed at a very early age, having sired Hinda Rose, 3-year-old record 2:19½; Manzaneta, 4-year-old rec. 2:16.

BEARDSLEY is bred like Norlaine, one-year-old record 2:31¼, the fastest yearling in the world. He is a horse of fine style and high finish, combined with great muscular development. He is very well-headed, pure and easy gaited. He has never been regularly handled for speed, but has shown quarter in 38 seconds (a 2:32 gait, Mr. Bonner timing him).

Will make the season of 1889 at my stable at Danville, Ind., at **$25 the season**, or $40 to insure a mare in foal. B. T. BUFORD.

Time Medium 9622,

FORMERLY GRANICUS 1914.

RECORD 2:27¼. Bay, 16 Hands High, Weighs 1100 Pounds.

BY HAPPY MEDIUM 400.

Dam DECORAH by Mambrino Time; 2d dam Kate Forest by Alexander's Edwin Forest; 3d dam thoroughbred.

TIME MEDIUM won last fall seven races out of ten, all on ½-mile tracks; have dirven him trials in 2:23½; will trot in 2:20 this season.

Limited to twenty-five mares at $40. Season closes June 15.

STOCKWELL 6718,

Bay, will be 16 hands high, foaled 1887. Winner of the Pioneer Stakes for yearlings at Columbus, O. Record of 1:33 ¼—half-mile.

By Nutwood.

Dam CONTENTION by Aberdeen. 2d dam Stripe by Ashland, son of Mambrino Chief. 3d dam Ophelia by Hamlet, son of Volunteer. 4th dam the Harvey Adams Mare [dam of Delmonico, sire of Darby] by Rysdy's Hambletonian. 5th dam by imported Bellfounder.

Limited to 25 mares at **$40** THE SEASON.

BELVIEW 7631,

Bay, 16 hands high. RECORD 2:30¼. Foaled 1884.

SIRED BY BELMONT 64.

Dam LADY SIMMONS by Volunteer 55; 2d dam by Sir Henry 285 by American Star 14.

This is one of the handsomest stallions in the country and his record of 2:30¼ is no measure of his speed; has trotted a quarter in 34 seconds.

Limited to twenty-five mares at $40. Season closes July 1.

ROWLAND 9623,

Sorrel, 16 hands. Trial as 2-year-old 2:50.

BY TIME MEDIUM, SON OF HAPPY MEDIUM.

2d dam Ella B. by Almont.
3d dam Topsy Tailor by Alexander's Norman.
4th dam thoroughbred.

Limited to 20 mares at **$25** THE SEASON.

ALBASTER 5845,

Brown, will be 15¾ hands high. Foal d 1886.

Sired By ABERDEEN.

Dam Medusa by Almont.
2d dam Lady Carey by Pilot Jr.

TWENTY-FIVE DOLLARS TO INSURE

AUSTRALIA 4176,

Gray, foaled 1885, 16 hands high, weighs 1150 pounds. Trial 2:40.

BY ALECTO, SON OF ALMONT.

Dam ALICE DRAKE [dam of Norman Medium, 2:20; Alice Addison, 2:28; Altimo, 2:33½, Maggie Arnold, 2:35] by Alexander's Norman; 2d dam the dam of Maggie O. by Pilot Jr.; 3d dam Kate, a mare that could trot in 2:40.

We consider AUSTRALIA one of the best young stallions in Ohio. His sire is one of the best bred sons of the great Almont. The dam of Australia [Alice Drake] has been a great producing mare having to her credit four with records ranging from 2:20 to 2:35. Individually, Australia is a horse of wonderful power and quality.

Limited to twenty-five mares at $30.

Will sell one of the Happy Medium stallions. Grass and attention for mares at $4 per month.

MYERS & WAGNER, Dayton, Ohio.

DELINEATOR 6057,

Record 2:18 at 4 years old.

At North Vernon, Indiana.

DELINEATOR was sired by **DICTATOR**, sire of Jay-See, 2:10; dam Massie by Shelby Chief, sire of Rolla 2:24½; 2d dam by Pilot Jr., sire of the dams of Maud S. 2:08¾, and Jay Eye-See 2:10.

DELINEATOR will make the season of 1889 at the Fair Grounds, North Vernon, Ind., at

$50 THE SEASON

to be settled at time of service, with usual privilege of return.

DELINEATOR is a beautiful bay, with no white, good mane and tail, 15½ hands high, weight 1100 pounds, has fine legs and feet, and a better head a racehorse never had. He showed him to be a great campaigner, winning all races he started in his 4-year-old form, getting a record over a half mile track in 2:18. He has proven himself to be a fine breeder and a sure foal getter.

PAT DICKERSON. North Vernon, Ind.

BARRINGTON 3766,

By Harry Clay 45, Record 2:29.

Dam BESSIE FLETCHER by Jupiter Abdallah 109, sire of Result, record 2:25.
Second dam Lady Fletcher by Socrates 287, record at four years old 2:34¼.
Third dam Betsy Baker by Jupiter Abdallah 189, sire of Prince, record 2:27.
Fourth dam Betsy by Kentucky Iron Duke, sire of the dam of Lady Lumber 2:29¼.
Fifth dam Kate by imported Bellfounder.

HARRY CLAY sired Shawmut 2:26, Surprise 2:26. He has three sons that are the sires of 2:30 trotters, 8 mares that are the dams of fourteen 2:30 trotters, and he is the sire of Green Mountain Maid, the most famous broodmare that ever lived, numbering among her offspring the celebrated

ELECTIONEER, the acknowledged King of Trotting Sires.

BARRINGTON will make the season of 1889 at the STATE FAIR GROUNDS, INDIANAPOLIS, IND., at

$50 the Season, usual privilege of return.

BOOKS NOW OPEN—Entries may be made at WESTERN SPORTSMAN Office or with

J. S. DARNELL, Lebanon, Indiana.

JIM WILSON 2:30 1-2,

By Blue Bull 75; Dam by Gray Hawk Morgan 2:37.

+SIRE OF+

Daisy C.	2:22	**Lizzie**, 3 years old, fifth heat	2:41
Pawnee	2:24¾	**Belle Wilson** [trial 2:35] two-year old	2:43
Jim Blaine	2:25	**Tom Lindsay** [trial 2:34¼] three-year-old	2:43
Climax	2:32	**Boone Wilson** year ing, half mile	1:33
Irma	2:38	**Ironwood**, trial	2:21
		Harry C., trial	2:25

JIM WILSON by the records is the best son of Old Blue Bull, his record was no measure of his speed as he has trotted miles better than 2:20 and halves a 2:12 gait. His colts are all natural trotters and roadsters, and go fast with little work. They, like his sire's colts, are "poor man trotters," and any one can handle them, and we are satisfied if he lives five years he will have as many in the list.

TERMS---$50 THE SEASON, with return privilege.

C. L. CLANCY, Manager, Edinburg, Ind.

Nil Desperandum

Record 2:24

SIRE OF DEBARRY 2:19½, MATCHLESS 2:24¾.

BY BELMONT the sire of NUTWOOD 2:18¾
the sire of WEDGEWOOD 2:19

Dam Lady McKinney The dam of COLONNA, sire of COLLOSSUS 2:27¾ and Capitola 2:30¼, and the dam of Nectarine, the dam of Persica 2:23½.

BELMONT leads all living stallions as a sire of speed producers. More of his sons and daughters have sired and more of his daughter have produced speed than those of any living sire.

NIL DESPERANDUM in speed and the ability to beget speed ranks third among all his sons. In individual quality he is one of the best of the family, and he has already shown his ability to reproduce all his good qualities.

No sire of equal merit in the State stands at so low a fee and but few of like quality at any price.

Season of 1889 at $40. With Return Priviiege.

SUITOR 5440,

Four-Year-Old Record 2:30¼,

BY BLACKWOOD 74,

Dam SUE by Thorndale 305, sire of Edwin Thorne 2:16½, etc. Sue is also the dam of Edgehill 2:25¼ and Dr. West 2:17¾. Blackwood 74 by Norman 25; Norman by the Morse Horse 6, he by European. Blackwood's dam by Mambrino Chief 11. Blackwood produced Blackwood Jr. 2:22¼, Blackwood Prince 2:23¾, Proteine 2:18, Wildwood 2:30, SUITOR 2:30¼, and several more in the 2:30 list.

SUITOR 5440 is a seal brown, black points, and stands 15½ hands high, and perfectly sound, and is a strong individual, compactly built, well developed and has great muscular power.

SUITOR was limited to 25 mares last season. July 1st he had h s first mile in 3:20; his next mile was in 2:59; his third mile in 2:51; his fourth trial showed a mile in 2:42, while his fifth effort was in 2:31 on a half-mile track seven feet over length. He has shown a 2:18 gait and will be driven this year for a fast record.

SUITOR WILL BE LIMITED TO 30 MARES AT

$35 the season,

payable at time of service, with usual privilege of return should the mare not prove in foal.

POCAHONTAS SAM

No. 9106. Pacing Record 2:27.

BY POCAHONTAS BOY 1790.

——SIRE OF——

Buffalo Girl	2:12½	American Boy	2:23
Raven Boy	2:17¾	Highland Mary	2:26
Princess	2:19¼	Desdemona	2:27
Gurgle	2:20	Polka Dot	2:28
Nelly B	2:20	Highland Maid	2:29¼

Dam the dam of Lowland Girl 2:19¼, by Blue Bull, sire of 58 in '30 list.

Will make the Season of 1889 at NEW ROSS, IND., limited to 30 Mares at **$50** the Season, with usual privilege, payable at time of service. Season closes July 1st, when the horse will be put in training and sent for a faster record.

POCAHONTAS SAM is a chestnut, of great bone and substance, over 16 hands, fine disposition, sure foal getter and excellent breeder. He has never served a standard-bred mare or a mare with either a pacing or trotting record, yet he is the sire of two colts owned by W. A. Brown & Sons, New Ross, one a pacer. 4 years old last fall that made a pacing record after a season in the stud of 2:40; the other 4 years old in the spring that served 20 mares and then made a trotting record of 2:44¼—both will enter the 2:30 list this season. He is also the sire of a yearling filly that, just broke, showed better than three minutes and will be fast this year; also a 3-year-old that paced last season a quarter in 38 seconds, and will go for a record the coming summer, and I might mention several others that promise very fast, though he has but four colts that are as old as four, and EACH OF THESE are cert in to enter the 2:30 list this year.

POCAHONTAS SAM has paced the last half of a mile in 1:04 and without an accident he will make a mile in 2:20 or better this year. He is fast as the wind and stays like a game cock.

Mares from a distance kept at reasonable rates.

ADDRESS, **J. K. HENRY, New Ross, Ind.**

STALLIONS IN SERVICE:

Macey 2.29½,

[GEORGE WILKES' BEST BRED SON]

—SIRE OF—

Lucy Macey, 4-year-old record 2:26¼
Ruth Macey, 3-year-old record 2:48¼
Bob. Macey, 2-year-old record 3:04

Got by GEORGE WILKES,

The Greatest Trotting Sire in the World. Sire of 64 in 2:30 and better; twenty-three sons and twelve daughters that have produced 2:30 trotters and pacers.

Dam BELL CLAY, by Kentucky Clay, out of the dam of Lady Thorne 2:18¾ and Mambrino Patchen 58, sire of 16 in 2:30—twenty sons and 18 daughters that have produced 2:30 speed. Bell Clay is the dam of Amy King, record 2:22¼; Macey, record 2:29¼; Fanny Wilkes, trial 2:35; Socrates, 3-year-old trial 2:40.

Second dam the great BETSY BROWN, the dam of Anglin, record 2:27½; Wilkes Boy, record 2:24½; and sire of Angeline, 2-year-old, 2:28¼; Parnell, 3-year-old trial 2:33; Kitty Patchen, dam of Georgetown, record 2:26¾; Aeileen, dam of Ellersile Wilkes, record 2:28½.

Limited to 50 Mares at $200 THE SEASON.

POCAHONTAS BOY,

One of the greatest Sires in the World for his opportunities, sire of BUFFALO GIRL, record 2:12¼, in the fourth heat, and others in 2:20 and better. He is

Limited to 40 Mares at $100 THE SEASON.

Young Fullerton

RECORD 2:20¾, TRIAL 2:16½.

Got by Edward Everett,

Sire of Judge Fullerton, record 2:18.

Dam FLORA, dam of Electric, record 2:20, and 4 others that have trotted in 2:30 and better.

He will stand at Versailles, Ky., in charge of Macey Bros. No greater horse ever went to Kentucky than Young Fullerton. Macey Bros drove him a half last season in 1:07 in stud condition.

TERMS, $100 THE SEASON.

For catalogues and further information, address **J. H. CLARK**, Elmira, N. Y.

SEASON OF 1889.

Western Chief 695.

Sire of COTTONETTE 2:33¾.

Sired by Curtis' Hambletonian 539.

Dam LADY ELEANOR, by Mambrino Chief 11.

Curtis Hambletonian 539 produced Hambletonian Mambrino 2:21¾; Flora B. 2:24¾, Andy Mershon 2:25½; Dream 2:25½; Sunshine 2:29¾.

Lady Eleanor, produced Patchen Maid, dam of Astrel 2:18; Wickliffe, Marshall Massena (sire of Sectarian trial 2:27¾), Astrea and Greylock by Nutwood an others.

Western Chief is a bay, 16¼ hands high, bred by G. W. Ogden, of Paris, Bourbon Co., Ky. He is as handsome in form and structure as any horse in America, and without doubt is to-day nnest living specimen in direct descent of the Hambletonian Mambrino Chief blood Curtis' Hambletonian died at nine years old, and had he lived he would have proven himself one of the greatest of the sons of Rysdyk's Hambletonian.

Mares sent to Western Chief will receive the best care and attention at reasonable terms

R. H. SHOCKENCY,
Old Louisville Trotting Course, Louisville, Ky.

PETOSKEY!

No. 3633,

By George Wilkes.

Will make the season of 1889 at CARVIEW STOCK FARM, 2 miles north of Georgetown, Ky., on Cincinnati turnpike at

$50 The Season.

The breeder has the privilege of returning mare free of charge until she proves to be in foal.

Petoskey's first dam was Fanny by Iron's Cadmus; second dam by the old race horse Cadmus; third dam by Brown's Bellfounder.

The dam of Petoskey is inbred to the winner of the first Derby ever won in England. Fanny is also the dam of Katie Jackson, four-year-old record, with but three months' training, 2:25½; private trial, 2:19. Also Jim Jackson, record to the pole with but little handling, 2:28; also Little Charley, 2:30 as a three year-old: Virgie Graves, with one summer's handling, 2:35; bay gelding Scat as a two-year-old trotted a mile in 2:40; Talmage, as a four-year-old, with comparatively little handling, 2:32. Petoskey, with but two months' handling the fall he was four years old, could show a 2:20 pacing gait, and wonderful amount of trotting speed. Last year Nellie O'Neil, as a four-year-old, could b at any horse of her age in the State. I drove her a mile in public at the Breeders' Meeting at Abdallah Park, Cynthiana, Ky., easily in 2:28; at Lexington the next week several miles were driven in public in 2:21½ and 2:21 without making a skin, and I could have driven her in 2:16 or 2:17. Nellie O'Neil is an inbred filly, being by Petoskey and out of Petoskey's own dam. All eight of these colts are out of Petoskey's dam and all by different sire. Where is there a stallion that can boast of such a dam as Petoskey, to say nothing of his illustrious sire, George Wilkes? Only eight or nine of Petoskey's get were ever on the track for handling, and only one season at that, and all of them could show from 2:20 to 2.39. Two of his three-year-olds have paced trials in 2:20. Lina trotted a mile at Louisville in 2:26; Nellie O'Neil can beat 2:20 in a jog; Daisy L. trotted in five races and won second money in four. She trotted several trials in 2:26, 2:27.

Petoskey is a deep blood bay, black points, eight years old last spring, weighs 1,350 lbs., 16 hands high, and is acknowledged by all horsemen that have seen him to be the handsomest big horse in the State. His colts are invariably bays and very blood-like in appearance. The legs of his get are especially fine.

I have sold a number of his yearlings at $550 to $1,000, and have on hand for sale about thirty of his get from weanlings to four years olds. All of them are blood bays and very fine.

Good pasturage at $1 per week or $3 per month $50 per year. Will not be responsible for accidents or escapes should any occur.

Catalogues on application.

JAMES LONG, Georgetown, Ky.

The Standard Stallion.

Tranbytonian 4233,

He is a bright bay, 15½ hand high, exceedingly stout built, very stylish, fine gaited and very fast for his handling; bred by N. A. Randall, Indianapolis; foaled 1882.

Sired by HAMBLETONIAN TRANBY, 3969.
1st dam BIRDIE R. by Joe Downing 705.
2d dam POLLY BIRD by Simpson's Blackbird, 401.
3d dam by Young Magnum Bonum, thoroughbred.

Hambletonian Tranby is the sire of Homewood 2:23½; S. J. Fletcher, 2:23½; John R. Wise, 2:25¼; Annie C., 2:27½, and Thad, 2:29¼.

Birdie R. never had a day's track work, but trotted a full mile over Exposition half-mile track to road wagon in 2:56. Her sire, Joe Downing, is the sire of Abe Downing, record 2:20¼; Dick Jamison 2:26 also sire of the dams of Rarely, 2:24½, The Banker, 2:29½; The Jewess, 2:26, and Lorene, pacer, 2:15¼. He is also the grandsire of Edwin Forrest 2:18, and mares by him in Kentucky are held above price for breeding purposes.

Polly Bird beat Lilly Dale a five mile race in 13 minutes and 14 seconds, and when 18 years old could beat any road horse in Indianapolis. The late Jas. Wilson pronounced her the fastest and gamest mare of her age he ever rode behind. Her sire, Simpson's Blackbird was thoroughbred, but a great trotter of his day, having a record of 2:25, and the honor of beating a number of the best ones in the West in three and five mile races under saddle and in harness. He is the sire of California Blackbird, record 2:22 of Blackbird, 402, who got Ned Forrest, 2:25¼, and A. W. Richmond, the sire of Romero, 2:29, Len Rose, 2:27¼, Arrow, four-year-old pacing record 2: 4, and of Columbine, the dam of Anteso, 2:16¾, at six years old, and Antevolo, 4-year-old record 2:19½.

Tranbytonian and his dam, grandam, sire and grandsires are standard and registered in Vol. VI., Wallace's American Trotting Register, and comes from a long line of speed producers both on the side of sire and dam. He was worked ninety days and trotted a full mile in 2:36, a half-mile in 1:15, last quarter in 37 seconds. He was entered at the Breeders' meeting of 1888 and would undoubtedly make a record of 2:30 or better, but about two weeks before the meeting struck a tendon and was prevented from starting, though the leg is now perfectly sound.

He will be permitted to serve mares the season of 1889 at my stables in Lewisville at

$15 to Insure a Mare in Foal.

Money due when the fact is ascertained or mare parted with. Address or call upon

SAMP WILSON, Rushville, Ind.

Champion Medium 2142

RECORD 2:36½. TRIAL 2:20.

Sired by **HAPPY MEDIUM** 400, sire of Maxey Cobb 2:18¼, Norman Medium 2:20, and 39 others with records of 2:30 or better.

Dam TAMORA by Almont 33, sire of Westmont, pacer, 2:13¾; Piedmont 2:16¼, and 32 others with records of 2:30 or better. Second dam by Mambrino Champion 5130 [sire of Molly Long 2:29¼] by Mambrino Chief 11, sire of Lady Thorne 2:18¾ and others; 3d dam by Peg by Old St. Lawrence.

CHAMPION MEDIUM 2142, bay, with two white hind feet to pasterns, 15¾ hands high, and will weigh 1180 pounds. He is a sure foal getter, and all bays. Champion Medium with only a record of 2:36¼, was second in a race to Iona 2:22 at Minneapolis, Minn. Champion Medium is not only a trotter himself but his colts are trotters. His oldest colt is coming three years old; but one has had any work, and with 50 days as a 2-year-old, can trot in 2:45, and Mr. Barker, who owns him thinks if nothing happens, Bay Medium will go in the 2:30 list the coming season, and will try to put him there.

CHAMPION MEDIUM 2142 will be permitted to serve a few mares the coming season at the following places: The first three days of each week, commencing March 18, at Newtown, Fountain Co., Ind., and last three days at Crawfordsville, Montgomery county, but if I have more than I want, he will stay at the last named place. Mares from a distance will be taken off and put on the train free, and will be kept on pasture at 75 cents per week or grain fed $2. I will close the season June 15, '89, for I expect to give him a fast record this year. He will serve mares at

$35 THE SEASON,

To be applied if the mares don't prove to be with foal the next year. Money to be paid or bankable note given before the mare is taken away. The mares will be shipped to Crawfordsville.

MAT HUTCHISON, Newtown, Ind.

2:08¾ and 2:15.

Nutbourne,

—AND—

ELDRIDGE.

NUTBOURNE out of the dam of Maud S., record 2:08¾. **ELDRIDGE** out of the dam of Majolica, rec. 2:15.

The fashionably-bred stallions NUTBOURNE and ELDRIDGE will make the season of 1889 at my farm, three miles east of Tarrytown, Westchester county, N. Y., and twenty-five miles from New York City. Several prominent Kentucky breeders have urged me to let Nutbourne go to that State, but I have concluded to keep him at home. His full brother Nutwood is the only horse living or dead with a record of 2:20, having five of his produce with records under 2:20, thus showing his capacity to get a high rate of speed. Besides he is the sire of 24 in the 2:30 list, eight of which were added last year.

Terms for Nutbourne, $150 for the Season. For Eldridge, $100 the season. Mares not proving with foal to either horse may be returned the following season free of charge.

NUTBOURNE, gr. h., 16 hands high, foaled in 1877, by Belmont (sire of Nutwood, record 2:18¾), dam Miss Russell, the dam of Maud S., record of 2:08¾, by Pilot Jr.; 2d dam Sallie Russell by Boston, thoroughbred, etc. As will be seen, Nutbourne is not only out of the dam of Maud S. but he is a full brother to Nutwood, record 2:18¾, and Cora Belmont, record 2:24¾. As a five-year-old Nutbourne trotted with very little handling in 2:20¼, last quarter in 35 seconds; but since then has not been trained, as he has been used exclusively for the stud. Nutbourne's full brother Nutwood is so popular that his services have been raised to $500. The editor of the Turf, Field and Farm, in speaking of the foals at my farm by Nutbourne, says of one: "It is a trotting gem of the first water," and of another, "There is no disposition to do anything but trot. I never saw so rapid a colt of his age."

ELDRIDGE, b. h., 15¾ hands high, foaled 1877, by Edward Everett (sire of Judge Fullerton, record 2:18), dam Jessie Kirk, dam of Majolica, record 2:15, Jessie Kirk is by Clark Chief, son of Mambrino Chief. Edward Everett, the sire of Eldridge is the sire of twelve trotters in the 2:30 list, among them the late Commodore Vanderbilt's favorite road horse Mountain Boy, record 2:20¾. Eldridge is a grandly-formed horse, a rich bay, with black points, and has trotted a trial on my track at Tarrytown in 2:20¼. His dam being the dam of Majolica, he should make a great sire. He has sired only four foals, and I sold one of them—the 2-year-old colt Cartridge—$4,000. One of the best judges in the country says of him: 'Eldridge has a splendid hock, and a good, flat leg—in fact, the best set of legs I have ever seen, and his remarkably loose, easy way of going shows that he has an elasticity that he can impart."

Mares sent to be bred to Nutbourne or Eldridge can be kept on Mr. George W. Campbell's farm, just on the opposite side of the road from my place, on reasonable terms. Mr. Campbell makes a specialty of taking care of trotting stock.

Address,
ROBERT BONNER,
Tarrytown, N. Y.

☞"Mares" can be sent to Terrytown by boat from foot of Franklin street, New York, or by rail to Tarrytown, by Hudson River Railroad, from depot foot of Thirty-third St. and Eleventh Ave.

ALMONT ARCHIE 2:37½
IOLA, trial ..... 2:27¾ 2:33
STARLING WILKES ..... 2:33 **by Mambrino Chief.**

Second dam ..... **by Sidi Hamet,** thoroughbred.

Third dam the Wickliffe Mare ..... **by Darnaby's Diomed.**

ALMONT BURTON is a full brother to LeGrand and Almont Archie. He is a horse of remarkable finish and great natural speed, and his colts are large, fine, uniform and promising.

RESOLUTION 5170,

Black colt, foaled 1885.

Sired by ONWARD, 2:25½, 1411,

SIRE OF HOURI 2:19, AND OTHERS.

First dam HIGHLAND NORA ..... **by Harold,** sire of Maud S 2:08¾, and others.

Second dam Jennie Martin .....

—DAM OF—

JACK SPLAN 2:26
MAUD MACEY ..... 2:27¾ **by Star Denmark**

Third dam ..... **by Camden,** by Shark, by American Eclipse.

RESOLUTION is a handsome, speedy colt, and his produce (foals of 1888) are large, very strong and uniformly perfect in trotting action.

MELBOURNE STOCK FARM OFFERS FOR SALE YOUNG MARES AND COLTS SIRED BY FAIRY GIFT and RESOLUTION and other high-bred stallions AT LOW PRICES.

A number of mares, served by good horses, in foal to different stallions are offered very low.

YOU CAN GET SPEED, BREEDING AND FINISH AT REASONABLE PRICES. COME AND SEE.

A. G. DANFORTH & CO., Washington, Ills.

Elgin Boy 4620

{MATINEE RECORD 2:25¾}

Sired by POCAHONTAS BOY 1790, Trotting Record 2:31,

Sire of Buffalo Girl 2:12¼, Raven Boy 2:15¾, and 12 others with records better than 2:30.

Dam FANNIE WILSON, the dam of Elgin Girl 2:21, Lady Elgin 2:25¼, Elgin Boy 2:25¾, by BLUE BULL 75—with 65 2:30 performers. ELGIN BOY'S breeding is traced to the 4th dam.

The following is a partial list of the performance of the first of his get:

Wm. J., 3-year-old record 2:37¼. Trial 2:33.

Mahoning Belle, 3-year-old trial 2:33½, and an eighth in 17¾ seconds.

Harry Jones, 3-year-old trotting trial 2:38, and a half in 1:16½, can pace a mile in 2:40

Jackson filly, 3-year-old, trial in 2:42½, and a quarter in 38 seconds.

Maud Young has shown a 2:25 gait.

Cleveland Girl, 3-year-old, has shown a quarter in 38 seconds.

Three-year-old gelding, owned by Con Driscoll, has shown a 2:35 gait.

Polka Hot, 3-year-old, has shown a 2:40 gait pacing, and a 2:50 gait trotting.

Lucene, 3-year-old, can show a 2:50 gait.

Red Elgin, 3-year-old, has shown a 2:50 gait.

Three-year-old filly, owned by J. M. Harkrider has shown a 2:50 gait.

Lucille, winner of the 2-year-old stakes at Rush County Fair in three straight heats—1:25, 1:41½, 1:24—has shown a 2:35 gait.

Two-year-old gelding has shown a 3:1 gait.

Ida Belle, 2-year-old, has shown a 3:00 gait.

Phil Reed showed a full mile in 2:58; half in 1:23.

Following is a partial list of ELGIN BOY'S colts sold last year:

Chestnut colt, 3-year-old, sold by Tim McLaughlin	$1,000	Bay colt, 5 months old, sold by Mr. Lee Amsden	$ 500

ROYAL FEARNAUGHT,

Michigan's Greatest Sire.

THE REASONS WHY

He is the only sire in Michigan who adds three new trotters to the 2:30 list in 1888.

He is the only sire in the State, having 8 performers that lowered their records last year

He is the only sire in this great breeding State with nine (9) representatives in the 2:30 list, at 15 years old.

--RECORDS TALK--

FORREST RIDGE STOCK FARM.

Standard Stallions for 1889.

Pilot Clay 1448. Thos. A. Scott 6355.

PILOT CLAY is a seal brown, 16¼ hands; bred by Gen. Withers, Lexington, Ky., sired by Cassius M. Clay Jr., 22, sire of Harry Clay, 2:21, etc

1st dam Carlotta by Pilot Jr., sire of the dam of Maud S., 2:08¾.

2d dam Young Clipper by Oliver, son of Wagner.

3d dam Clipper by American Eclipse.

4th dam Eliza Jenkins by Sir William.

5th dam by Orphan, 1744.

6th dam by imp. Buzzard 377.

7th dam by Silvertail 2269.

8th dam by imp. Dove 3629.

PILOT CLAY has never been regularly handled but has several times trotted a full mile in 2:40. Such an opportunity to secure Clay and Pilot Jr., blood right from the fountain head is not offered in any other horse in Indiana.

Terms of Service—$20 the season payable at time of service or $30 to insure, money due when mare proves in foal.

THOMAS A. SCOTT, is a black, 15½ hands high, blocky and stylish, never trained, but can show a 2:40 gait. Sired by MAMBRINO PATCHEN 58 who has 15 in the 2:30 list, and 17 of his sons and 16 daughters have produced 2:30 trotters.

1st dam Flint, by Richard's Bellfounder, 63; he by Hunterfords's Bluscher, out of Angeline by Mambrino, son of imp. Messenger, he by Bluc'er; he by Duroc, and he by imp. Diomed.

The only son or daughter of Thomas A. Scott that has been trained is PAT, who made a record last season over a poor half-mile track at St. Joseph, Mo., of 2:36¾, trotted a trial over a Terre Haute track in 2:25¾, is sure to trot close to 2:20 next season, won the $200 road wagon at Terre Haute Fair last year, won 2nd at St. Louis, and is the greatest show horse on earth. He has a full brother that will be equally good, and any number of wonderfully promising youngsters.

Thos. A. Scott will make the season of 1889 at Shelbyville, Ind., Fair Grounds, at $20 the season or $30 to insure, money due when mare proves in foal.

Mares kept on pasture or grain fed, at owner's risk, on reasonable terms.

Address, **JAS. L. BRADLEY, Edinburg, Ind.**

Farm located three miles northwest of Edinburg, Ind., on Madison Road.

Kenelm 3490,

Beautiful bay, 15½ hands high with splendid bone and foot, foaled in 1884.

TRIAL OVER HALF-MILE TRACK IN 2:32.

Sired by HAPPY MEDIUM,

The sire of Maxey Cobb 2:13¾ (the fastest stallion living or dead), and 41 others 2:30 and better, and sire of 111 with records from 3:00 down. He sired Pilot Medium, the sire of Jack 2: 9¼ and winner of $14,000 in purses in 1888.

First dam WEPENTHE by C. M. Clay Jr., sire of Durango 2:28¾, Harry Clay 2:28¾, Cora 2:30¼, and seven sons and eight daughters that have produced 2:30 performers; Grandsons of C. M. Clay Jr. have produced Clemmie G. 2:15½, C. F. Clay 2:18, Fred S. 2:21 and 10 others in the charmed circle granddaughters of C. M. Clay have produced Sir Walter Jr. 2:18¾, Garnet 2:19, Flora Wilkes 2:19½ and 33 others in 2:30 and bet er.

2d dam Lucy Belmont by the mighty Belmont, the greatest of living sires the sire of Nutwood 2:18¾, Wedgewood 2:19, Viking 2:19¾ and 19 others with records of 2:30 and better, and sire of 18 sons and 12 daughters that have produced 2:30 performers; he is the sire of 2:30 performers that have produced 2:20 trotters; he is the only living sire of the stallion that has six better than 2:30 and a record himself of 2:18¾; he is the only living sire that has 9 in the 2:20 list by his sons.

Third dam Lucy by Ericsson 2:30¼ at 4 years old, fastest for age to date of performance, sire of Rarely 2:21½, Doble 2:28 and 6 others in 2:30 or better, and great grandsire of Phallas 2:13¾, son of Mambrino Chief 11.

Fourth dam by Vermont Black Hawk, the sire of Ethan Allen 2:15¼ and sire of 16 sons and 3 daughters that have produced 2:30 performers; by Sherman Morgan. Ethan Allen sired Daniel Lambert who sired 34 in 2:30 or better. We find the Morgan blood in such turf performers as Rarus 2:13¾, Prince Wilkes 2:14¾, Phil Thompson 2:16¼, Gloster 2:17, Proteine 2:18 and a great many more I could mention. Every cross in KENELM have produced and reproduced of the highest type. He is the best bred horse in Hancock county and a trotter of the first water.

LIMITED TO 40 MARES AT $30 THE SEASON OR $50 TO INSURE.

DICK WILSON, Greenfield, Ind.

Wheeling Wilkes 7701

Bay horse, foaled 1881, 15½ hands high, symmetrical proportions, good bone, good back, good legs, good feet, intelligent head and racy appearance.

SIRED BY George Wilkes 519, RECORD 2:22, Sire of

Harry Wilkes 2:13½, Guy Wilkes 2:15½, Wilson 2:16¾, So So 2:17½, J.B. Richardson 2:17½, Baron Wilkes 2:18, Rose Wilkes 2:18, Joe Bunker 2:19¾, Wilton 2:19¾, Tom Rogers 2:20, and 55 others in the 2:30 list.

1st dam LADY RAND by Edward Everett 81, sire of Judge Fullerton 2:18, Electric 2:20, Sheridan 2:20¼, Mountain Boy 2:20¾, Young Fullerton 2:20¾, Hambrino 2:21¼, and 7 others in the 2:30 list.

2d dam by Voorhees' Abdallah, sire of the dams of Myron Perry 2:24½, Elwood Medium 2:24¾.

3d dam by Long Island Black Hawk 24.

Edward Everett by Hambletonian 10; dam by imp. Morgan. Voorhees' Abdallah by Abdallah 1.

WHEELING WILKES has trotted a trial on half-mile track in 2:27. His dam trotted a trial in 2:20. He is certainly worthy of his ancestry, as he possesses the above qualities, combined with high finish and great muscular development. He is a natural trotter, with clean frictionless way of going that enables him to go fast without apparent effort.

TERMS—**$50 to insure a mare in foal.** Note to be given at time of service; due March 1st 1890. Note to be void unless said mare has been got in foal by said horse. Money due when mare is parted with or bred to another horse.

ADDRESS, KELLAR THOMAS, Agent, PARIS, KENTUCKY.

HAMBRINO BOY 7439.

By HAMBRINO 820, Record 2:21 1-4.

Dam LINDA G by Pacing Abdallah, by Alexander's Abdallah 15, by Rysdyk's Hambletonian 10; 2d dam Jennie Withers by Major Edsall 211; 3d dam Minnie by Edwin Forrest 48; 4th dam Lizzie Peebles, the dam of Jim Monroe, by Wagner.

HAMBRINO BOY is a dark bay horse 15¾ hands high, foaled in 1882. He is a horse with fine action, good size and remarkably speedy shaped. He was broken to harness in August 1888, and with six weeks' handling trotted a mile in 2:50. His breeding is excellent—it represents the speedy lines of Hambletonian through his sons Edward Everett and Alexander's Abdallah. He has three crosses of Hambletonian, one of Edwin Forrest, backed up by the thoroughbred blood of old Wagner through Lizzie Peebles, the dam of the famous trotting sire Joe Downing, sire of Abe Downing.

HAMBRINO BOY will make the season at my farm, one mile east of Rosston, Ind., on the Midland railroad at $20 TO INSURE a living colt. Mares kept on good blue grass pastrure at $2.00 per month. All care taken to prevent accidents but should any occur, they will be at owner's risk.

WILKESWOOD STOCK FARM,

Columbia City, Indiana.

WILKESWOOD 3766

—SON OF—

NUTWOOD 2:18¾, sire of 25 in the 2:30 list,

Five of which have records better than 2:20.

Dam MAGGIE WILKES, by George Wilkes, 2:22, sire of more 2:30 trotters than any horse living or dead.

2d dam PRINCESS CLAY, by AMERICAN CLAY 34, sire of 3 in the 2:30 list and dams of eleven 2:30 performers.

3d dam Carrie Prince by Black Prince, by Abdallah 15. 4th dam Gyp by Potomac, thoroughbred.

WILKESWOOD is a bay, 15¾ hands high; bred by the late J. C. McFerran, Glenview, Ky., and was 4 years old last spring. At the Fort Wayne Fair last fall he was driven an exhibition trial to road cart in 2:31, and after his season this year will be given a public record.

He will be limited to 30 Mares for 1889 at $60 THE SEASON usual return privilege.

KING COSSACK 3143,

Winner of the first prize at the National Horse Show, New York.

By DON COSSACK Sire of Jeanette, 2-year-old record 2:29¼; Sally Cossack, four-year-old record 2:22½.

Dam MAY QUEEN by American Clay 34; 2d dam by Ericsson, sire of Doble 2:28; 3d dam by Davy Crockett, pacer.

Will serve 30 approved mares at $25 THE SEASON with usual return privileges. Mares at owners risk, kept at current rates. S. J. PEABODY, Prop'r.

SEASON OF '89. **The Blood of** SEASON OF '89.

The Great Wilkes Family at

SPRING BROOK STOCK FARM,

Fort Wayne, Indiana.

Wayne Wilkes, 3708,

RECORD AT LEXINGTON, KY.—2:22, 2:21, 2:18½—PACING, and has shown me trials, TROTTING over Lexington track 2:24½, after a big season ending July 14, '88.

BY RED WILKES, 2:40, sire of Prince Wilkes 2:14¾, Phil Thompson 2:18¼, Wayne Wilkes 2:18¾, Repetition 3-year-old 2:21, and 16 more with records better than 2:30.

Dam IDA SMITH by GAGE'S LOGAN, by RYSDYK'S HAMBLETONIAN.

Service Fee $50 the Season.

Season begins February 1st and ends July 1. Mares not proving in foal may be returned the following season free. Service fee due at the time of service or before the removal of the mare. Mares kept on grass $1.00 per week or grain fed at $2 per week, or $60 by the year; to receive the same attention as my own. No responsibility for accidents or escapes.

Address all communications to

E. M. POWERS, Fort Wayne, Ind.

Also manager of the Fort Wayne Importing and Breeding Company. We have always a fine lot of Percheron Stallions For Sale at Low Prices, and on as easy terms as it can possibly be done by any person, no matter where located. Our next importation will arrive in May or June.

LIMESTONE STOCK FARM, 1889.

ALCANDRE 2:26¼,

Sired by Alcyone, 2:27, sire of Silverone, 2:19¾; Golden Rod, 2:21¼, &c.; dam Lady Carr by American Clay (dam of Ambassador, 2:21¼, sire of six with records of 2:15½ to 2:30; Strathblane, 2:34, trial 2:20; Allan, trial 2:29½; Mary S., 2:40¼). Will make the season at **$75 to insure, to close July 1.**

M'ALISTER

(three-year-old record 2:39¼, trial 2:34). Sired by Egbert, sire of Emma 2:16½, Superior 2:19¼, &c.; dam Laura Fair by Bill Adams, own brother to Abdallah Mambrino, sire of Geneva S. 2:19½, Betty Jones 2:22; second dam Tilter by Ward's Flying Cloud; third dam by Johnson's Toronto. Will make the season at **$30 to insure.** JAS. W. FITZGERALD, Maysville, Ky.

ENTERPRISE,

Sired by Red Wilkes (sire of Prince Wilkes, 2:14½, and eighteen others in the 2:30 list); dam Lizzie Witherspoon, by Gough's Wagner (dam of Fanny Witherspoon, 2:16¾, two-mile record 4:43, the fastest ever made. Will make the coming season at **$40 insure.**

Louisville Stock Farm.

(KENTUCKY LIVE STOCK AGENCY.)

STALLION SEASON FOR 1889.

PRINCETON, 2:19¾ KENTUCKY WILKES, 2:21¼

By Princeps, 536 (sire of four in 2:20 and 15 others in the 2:30 list).

1st dam Reina Victoria (sold for $7,200 at auction, dam of Euclid, 2:28½, and yearling colt sold for $5,700, by Hambletonian, 10.

2d dam Hyacinth (dam of Mecca, trial 2:33, as a four-year-old), by Volunteer, 55.

3d dam Clara (dam of Dexter, 2:17¼, Alma, 2:28¾, Astoria, 2:29½, and Dictator, sire of Jay-Eye-See, 2:10, Phallas, 2:13¾, and Director, 2:17), by American Star.

4th dam the dam of Shark, 2:27¾.

Princeton's fee, $150, with privilege of return up to June 1, 1890. Limited to 60 mares.

It will be generally conceded that no stallion is the superior of Princeton in the combined points of magnificent breeding, great speed and superior individual features. He has proved himself a dead game trotter, and possesses beauty, size, bone and high finish. He is a remarkably sure foal getter, and his produce have size, dark color (mostly brown, like their sire), substance, high finish and superior action.

Princeton has but one as old as three years, a filly that showed better than a 2:30 gait. Spray, a yearling, trotted a mile trial over the Lexington track in 2:58.

As an indication of the merit of Princeton and his produce, we mention the fact that he, with four of his get, captured first honors at Lexington (Ky.) Fair, 1888, for the best stallion and four of his produce. He and his produce won premiums at other fairs also.

By George Wilkes, 2:22 (sire of 65 in the 2:30 list, 13 of which have beaten 2:20).

1st dam Minna (dam of Madison Wilkes, 2:32½, over half-mile track; Laura [dam of Lizzie Wilkes, 2:22¾, and Sally Wilkes trotted a quarter in 37 seconds, dam of Chastelard, 2:37½, as a two-year-old); Abutilon [dam of Lola, dam of Cosher, 2:30; of Combat, sire of Brown, 2:18¾, and Williams, 2:20½, and of Signal, sire of Jesse Hammond, 2:25½; and Red Light, 2:27¾]; and Jim, trial 2:26], by Red Jacket, he by Comet, son of Sherman Morgan.

2d dam Undine (grandam of General Picton, 2:30), by Gray Eagle.

3d dam, 4th dam, 5th dam and 6th dam by thoroughbred sires.

Kentucky Wilkes' fee $100, with the privilege of return.

Limited to 70 mares.

The stallion is a beautiful brown, with tan marks, great symmetry, power and substance. He is a very sure producer. His record as a game and fast race-horse has been earned in many contests; and, furthermore, his dam ranks high up among the very best mares in the land as a producer of speed in the first, second and third generations.

The oldest of Kentucky Wilkes' produce is a three-year-old, which took a record of 2:31 last season. One of his two-year-olds made a record of 2:40¾, and others are equally fast.

A yearling by him sold recently for $2,500.

PILOT MAMBRINO, 515.

RECORD 2:35. PUBLIC TRIAL 2:26¼.

Sired by Pilot, Jr. (sire of the dams of Maud S., 2:08¾; Jay-Eye-See, 2:10, and a host of others), dam Indiana (dam of Indianapolis, 2:21), by Mambrino Chief, 11, etc. The best source to get the Pilot, Jr., blood. He is an exceptionally sure foal getter.

Pilot Mambrino will stand at $50, with privilege of return. Limited to 25 mares.

The above stallions will make the season of 1889 at our farm. Stallion fees cash at time of service. Return privilege, if horses are living. Send for circulars giving full particulars.

LOOK & SMITH, 256 West Main St., Louisville, Ky.

VIGO Jr. 8053.

VIGO Jr. 8053. by VIGO 3643 (Milwaukee 603, Sire of Adelaide 2:18, Milo 2:21 and others.) — Hambletonian 10 (Sire of Dexter 2:17¼, and 40 others in 2:30; Dolly Martin, Dam of Romeo 2:29¾, Volney 2:23) — Abdallah 1, sire of four in the 2:30 list. / Kent Mare. / Defiance. / Unknown.

Minnie B., Dam of Adelaide 2:18, Milo 2:21 — Bay Mambrino (Alexander's Bay Chief. / Unknown.); Lady Flora (G. s. of Am. Eclipse. / Unknown.)

PARK MAID — Huron 2761, Trial 2:26 at 4 years old. — Administrator 357, Sire of Catchfly 2:18¼ and 5 others in '30 (Hambletonian 10, sire of 41 in 2:30 list. / Mambrino Chief 11.); Cassia, dam of Caliban and 3 others in 2:30 (Cassius M. Clay 22. / Son of Mark Anthony.)

Miss Warman — Curtis' Hambletonian No. 539, sire of Hambletonian Mambrino 2:21¾, and 3 others in the 2:30 list (Hambletonian 10. / Dolly Martin, dam of two in the 2:30 list.); Daughter of Duvall's Mambrino (Mambrino Chief 11. / Dam of St. Lawrence.)

VIGO, JR., will be three years old this spring; is a big rangy bay colt, with small star and right hind feet white; a well bred, clean made fellow; a splendid stock horse and a trotter. In looking over the gilt-edged pedigree please observe the producing dams all the way through. This colt will make a short season at the State Fair Grounds, Indianapolis, Ind., at the low price of $35 the season.

R. H. METTLER & COBURN.

WOODLAWN STOCK FARM.

Artillery 750,

RECORD 2:21¼. PUBLIC TRIAL 2:18.

Sired by Hambletonian 10.

Dam WELL'S STAR by SEELY'S AMERICAN STAR. 2d dam by KY. BERTRAND.

Terms, $100 the season; with usual return privilege.

Grass and attention, $4 per month, or grain at actual cost of same. Accidents and escapes at owner's risk. Money due at time of service, in cash or bankable note. Catalogues on application.

R. B. METCALFE, Lexington, Ky

Egbertie 5286.

Bred by the late Colonel Richard West of Lexington, Ky.

Sired by EGBERT 1136,

Dam ANNIE [dam of Westmont, record, in harness, 2:13¾, and with running mate 2:01¾, and Egmont, record 2:23¾]....by COTTRELL MORGAN.

Second dam.....by GREY EAGLE.

Egbert 413[a], [the sire of Emma 2:16½, Superior 2:19¼, Egmont 2:23¼, Illinois Egbert 2:25, Linnie 2:25, Elbert 2:25¼, Benefactor 2:25¼, Billy Egbert 2:29¼] by Rysdyk's Hambletonian 10; dam Camptown by Messenger Duroc 106; 2d dam Miss McLeod [dam of Nelson 2:26¼] by Holbert Colt, son of Hambletonian 10; 3d dam May Fly by the Utter Horse, son of Hoyt's Comet; 4th dam Virgo by Boe's Abdallah Chief, son of Abdallah 1.

Cottrell Morgan [the sire of the dam of Westmont 2:13¾, Egmont 2:23¼, and Darkness 2:27] by Vermont Black Hawk 5, sire of Ethan Allen 2:25¼, sire of the great Daniel Lambert, Young America 2:22, and others.

Gray Eagle [a great four-mile running horse] by Woodpecker; dam Ophelia by Wild Medley.

EGBERTIE, foaled May 13, 1884, is a beautiful chestnut, with size, finish and action. He is very speedy. Was handled seven weeks last year in his four-year-old form, and trotted a trial in 2:30½; half in 1:14, quarter in 36 seconds, and shows every indication of being as speedy as either of his famous brothers, Westmont 2:13¾, and Egmont 2:23¼. He is purely and evenly gaited, wears neither weights nor boots. Was bred to a number of the best mares in the country last season, and got nearly every one with foal.

He will make the season of 1889 at the stable of McDONALD & WILCOX, Danville, Ill., at **$50 the season,** with the usual return privileges. Limited to 30 choice mares.

Broodmares kept on grass, if desired, at $4.00 per month. No responsibility for accidents or escapes, but good care will be taken to prevent them.

McDONALD & WILCOX, DANVILLE, ILLS.

JUBILANT 7828

—THE PROPERTY OF THE—

Standard Bred Horse Company, Russellville, Ind.

Will make the SEASON OF 1889 at that place and be permitted to serve twenty mares at $40 THE SEASON, money or bankable papers due at time of service; with the usual privilege of return if mare fails to get in foal; or $60 to insure.

JUBILANT is a dark bay, foaled May 11, 1885 bred by R. S. VEECH; St. Mathews, Ky., and will be full 16 hands high when matured; he has good bone, good foot, style at both ends, and a natural born trotter. He was handled a short time last fall by Wash Moore, of Thorntown, who said, had he been allowed to drive him he could have put him in the 30 class.

Sired by PRINCEPS; dam Humming Bird, by GEORGE WILKES, 2:22, sire of Harry Wilkes, 2:13¾, Guy Wilkes 2:15¼, Wilson 2:16¾, and 62 others in the 2:30 list; 2d dam by Sentinel 2:29¾, (brother to Volunteer), sire of Von Arnim 2:19½, and 7 others in the 2:30 list, 3d dam by Ward's Flying Cloud, sire of Ohio Maid 2:29¾, and sire of the dam of Early Rose 2:20¼, he by Sherman Morgan; 4th dam by imp. Sovereign; 5th dam by Zenith; 9th dam by Cherokee.

Princeps, sire of Trinket 2:14, Princeton 2:19¾, and 18 others with records better than 2:30, which gives him the proud distinction of siring more 2:30 trotters than any other horse of his age living or dead. He was sired by Woodford Mambrino 2:21½, sire of Mambrino Dudley 2:19¼, Abbotsford 2:17½, Pancoast 2:21¾, who sold for $28,000; he by Mambrino Chief 11, sire of Lady Thorne 2:18¾. Princeps's dam Primrose by Alexander's Abdallah, sire of Goldsmith Maid 2:14, and grand sire of 120 in the 2:30 list. Princeps stands at $200 the season.

Mares from a distance pastured at 75 cents per week: care taken to prevent accidents and escapes but will not be responsible should any occur.

BRANDYWINE.

Thoroughbred. Vol. 5, page 542, of Bruce's American Stud Book.

Brown stallion, star in forehead, little white around the coronet of left hind foot, 15¾ hands high, weighs 1140 pounds; bred by E. J. Baldwin of Santa Anita Stables, Los Angeles co., California; sired by Lexington, by Lexington; 1st dam Mollie McCarthy by Monday, by Colton, by Lexington. Lexington's dam by imp. Glencoe. BRANDYWINE comes from the best of families and as his sire and dam were winners, he surely will sire race horses. BRANDYWINE in his 2 year-old form gave promise of being one of the best in Balwin's Stable. Lucky Baldwin started East with him and in trying to start him in a race in Chicago, he sulked and became unmanagable and sprained his left hind leg. He was sent to E. J. Baldwin of Indiana, and has never been started in a race since. His leg is sound now and all right. He is said to be one of the handsomest horses in the State. BRANDYWINE will serve mares at $25 TO INSURE. Mares kept on pasture at reasonable rates.

KEYT & RICE, Owners, NEWTOWN, IND.

FOR SALE.

Sorrel pacing gelding CHARLEY FRIEL, record 2:16½, third heat, at Buffalo, N. Y., in 1889, and believed to be a better horse this spring than he ever was in his life. He will be sold next month at the Fasig Sale at Cleveland, O., to the highest bidder. Friel is the handsomest, most reliable and best gaited pacer that stands on iron; has made but one break since I owned him (over three years); can pace a half mile track in 2:17 or less, and I firmly believe can beat any living horse [barring Johnston] with running mate. He can trot a '45 gait on the road, and will be ready for campaigning by the latter part of May; but come and see for yourself.

SAMUEL KEYS,
Ap 26 2t 626 Penn Ave., Pittsburgh, Pa.

For Exchange.

Forty acres of Florida land—10 acres set in orange grove; 550 trees, set in 1882, will commence bearing in winter of 1889-90. Grove adjoins corporation line of Sumterville, county seat of Sumter county, Florida, on Florida Southern R. R., one mile from grove to steam boat landing on Lake Panas-of-Ka. Will exchange grove and land at cash value, for standard gilt-edged fillies or standard broodmares. Title perfect.

RECORD 2:28½.

Awarded 1st premium at Indiana State Fair, 1888. Over 17 other picked horses in the Standard class, among which were the King, Hambrino and Princeton. Will make the season of 1889 at John Morgan's, Plainfield, Ind. Richwood was sired by Strader's Hambletonian by Rysdyk's Hambletonian 10. First dam, Lady Clay, by Cassius M. Clay, Jr., 22; 2d dam, Eliza by Stranger by Davy Crocket by Pilot; third dam, Lady Jackson, thoroughbred. The sire of Richwood has six colts in the 2:30 list. Richwood is the sire of Bon Ton, 2 year-old record 2:38.

TERMS—**$100** to insure a colt.

APPEAL 1675.

By SOLICITOR 1025, by Belmont 64, by Abdallah 15, by Hambletonian 10.

Dam Glencoria by Rysdyk's Hambletonian.

Second dam by Imported Glencoe.

Imp. Glencoe was one of the most important horses ever brought to this country; his blood is working wonders in the trotting horse of America, as the following horses show: Arrow 2:14, Richball 2:22, Jewett 2:14, Jay Eye See 2:10, Loretta F. 2:19, Glencoe Wilkes and others.

Solicitor sired Tiny 2:29¼, and Equity 2:31, and was at the neck of Misty Morning in the seventh heat in 2:22¼ at Cleveland in 1887. Solicitor is by Alex. Belmont, sire of Nutwood 2:18¾, Wedgewood 2:19, Viking 2:20½, King Jim 2:20, Dick Moore 2:22¼, and 13 more that have trotted in 2:30 or better. Solicitor's dam is the famous Blandina by Mambrino Chief.

TERMS—**$30** to insure a colt.
JOHN MORGAN, Plainfield, Ind.

"THE CEDARS."

VICTOR VON BISMARCK

By Rysdyk's Hambletonian.

VICTOR VON BISMARCK, dam Hattie Wood (dam of Gazelle, 2:21) by Sayer's Harry Clay, 2:29. In his top crosses he is brother in blood to Electioneer, and is supported with the stout four mile running blood of American Eclipse and imported Diomed. His showing for 1888, from one to five years old, being his oldest produce in Kentucky, is as follows:

Blue Grass Hambletonian, 5-yr-o. rec.....2:20¾
Escape, 4-year-old record.....2:26½
Edgemark, (winner of 10 races, was never beaten) 3-year-old record.....2:21
Last Chance, 3-year-old record.....2:28¾
Hambrino Bismarck (trial 2:26) 2-yr-o rec..2:32½
Von Wilkes, yearling record.....2:38½
And many others with records and fast trials.

For full list see catalogue.

DRAFT HORSES.

Melbourne Stock Farm,

WASHINGTON, ILLINOIS,

Is one of the pioneer importers in Illinois.

—AT THIS PLACE THE—

Clydesdale, Shire, and Percheron

may be seen in great numbers.

Most of the horses at Melbourne have been imported at yearlings and are thoroughly acclimated and tried before offered for sale.

Better horses for the money can be had at Melbourne than at any other places.

Correspondence concerning draft horses is satisfactory, and intending purchasers are invited to go in person.

Washington is on the Toledo, Peoria & Warsaw the branch of the Chicago & Alton, and the Sante Fee R. R.'s, 150 miles south-west of Chicago.

A. G. DANFORTH & CO.

AM. INTRODUCTION CO., Tremont, N. Y.

Edwin G. Miles,

Manufacturer and importer of

FINE HORSE GOODS,

210 Jefferson Avenue,

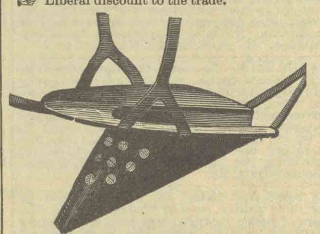
DETROIT, - MICHIGAN.

The peculiar construction of this Toe Weight is vastly different from any yet produced. It is made in two parts, consisting of the anchor plate, with the elongated slat, and the shell or weight, said parts being dovetailed together It is so constructed that the weight can be raised or lowered on the foot, the peculiar advantage of which every horseman will readily appreciate.

Another great advantage of the "Sensible" is that the anchor plate weighs just two ounces and that any other weight can be quicky added to the plate without removing the fastenings from the foot. Although this weight costs more than double the old style and worth more than double in value the price will be the same, viz:

$2 PER PAIR

☞Liberal discount to the trade.



MILES' NEW SENSIBLE STALLION SHIELD

The most human and sensible invention yet produced in this line of goods. Affords absolute protection without injury to the parts Send for full particulars. Price $5.50; old style Shield $5, with the sharp tacks.

We challenge any horse in the country to beat our fine TRACK AND ROAD HARNESS, with our own make of KAY OR TRACK SADDLE. Send for complete catalogue for 1889. Orders filled from our last years catalogue until you get my now one.

E. G. MILES,

210 JEFFERSON AVENUE. DETROIT MICH.

THE ONLY LINE RUNNING

Elegant Reclining Chair Cars between Cincinnati and Lexington, Free

Especial attention is called to the fact that this is the only line running through Harrison, Bourbon, Fayette, Clark, Madison and Montgomery counties; the heart of the famous Bluegrass region the home of the great thoroughbred trotters and Shorthorn cattle. Many of the celebrated stock farms are located on and can be reached only by this line, therefore when purchasing tickets, be sure they read via Cincinnati and the Bluegrass Route.

LAKE ERIE & WESTERN RAILROAD

NATURAL GAS ROUTE

THINGS TO BE SEEN.

Do you want to see one of the finest agricultural regions that this country can produce?

Do you want to see the marvelous natural gas and oil wells in Ohio and Indiana gushing forth their product in sufficient quantities to not only illuminate and heat a score of metropolitan cities, but to generate power enough for innumerable mills and factories?

Do you want to see Findley, Lima, Celina, Portland, Noblesville, Kokomo and many other cities and towns possessing these wells, teeming with healthy and prosperous advance, and affording the merchant, the manufacturer, the speculator, and the sightseer abundant facilites for their respective vocations?

Of course you do, and our wishes can be gratified by taking a trip over the Lake Erie & Western Railroad—"Natural Gas Route"—which passes all the above specified attractions. Solid trains equipped with through coaches and elegant sleepers on its night trains and the most improved free reclining chair cars on its day trains run over its line daily, between Sandusky, O., and Peoria, Ill., connecting direct at Tipton, Ind., with through trains between Indianapolis and Michigan City. Close connections to and from all points. Bear this in mind when ready to start.

Tickets can be purchased from any agent of the Lake Erie & Western Railroad or connecting lines.

BURLINGTON ROUTE.

Cheap Lands in the West.

Along the lines of the BURLINGTON ROUTE in Nebraska, Colorado, Wyoming and northwestern Kansas, particularly on its new extensions in that territory, there is still some Government Land awaiting settlement, as well as other cheap land held by individuals. These lands are among the best to be had anywhere in the country for agricultural and grazing purposes. In the comparatively new districts are many improved farms which can be purchased at a very low rate of that class of restless pioneer-settles who are ready at all times to move "farther west." In the territory embraced by the BURLINGTON'S lines west of the Missouri River, there are in the vicinity of two hundred new towns which offer to Manufacturers and business men an excellent opportunity to locate with profit. Send to the undersigned for descriptive pamphlets and other matter giving location and full particulars concerning these lands.

A Map of the United States.

A large handsome Map of the United States, mounted and varnished, suitable for office or home use and issued by the BURLINGTON ROUTE, will be furnished responsible parties free on application to the undersigned.

PLAYING CARDS.

For 10 cents, either in postage or by applying at Room 12, C. B. & Q. R. R. General office, corner Adams and Franklin streets, Chicago, you can obtain a pack of the best quality Playing Cards. P. S. EUSTIS, Gen'l Pass. & Ticket Agt., C. B. & Q. R. R., Chicago, Ill.
